# CLASSIC COLLECTION

A close-up photograph of a classic wedding bouquet. The bouquet is composed of several large, fully bloomed white roses with soft, layered petals. Interspersed among the roses are clusters of tiny, delicate white baby's breath flowers on thin green stems. The bouquet is held together by a light-colored ribbon, which is decorated with several ornate, vintage-style brooches or pins. The stems of the flowers are visible at the bottom, showing their green color and texture. The background is a soft, out-of-focus white fabric, possibly a wedding dress or a tablecloth, which adds to the romantic and elegant atmosphere of the image.

Our Classic Collection features floral-forward designs that never go out of style.

Thoughtfully composed with delicate blooms, soft textures, and graceful silhouettes—perfect for the bride who loves tradition with a refined, elevated touch.
