WHAT, WHY & WHO

What is En Forma Sayulita?

A guide for the Sayulita community and visitors alike to seek local wellness opportunities, events, and more through our website and now on our new APP!

Our Why

En Forma is here to help residents and visitors discover all the wellness activities and events available to them in Sayulita. From the gym, to yoga to sound baths and healing ceremonies, En Forma makes it easy for subscribers to find classes and activities of interest to them that will fit with their schedules. It also provides education on all forms of wellness that they may not be familiar with.

En Forma Sayulita is here to bring wellness seekers and talented practitioners together for the purpose of health and healing.

Who we are

After moving to Sayulita during Covid we were in search of healing as were many others in our same situation. We found an amazing network of talented wellness practitioners and many wellness options that we were not familiar with, but it took a lot of hard work to find you all.

Wellness seeking shouldn't cause stress so we felt we could help others by producing a tool to make it easier to connect practitioners and those in need of healing.
