BRUNSWICK BOAT GROUP, Merritt Island, FL

May 2006- August 2018

SENIOR INTERIOR DESIGNER 2011- 2018

INTERIOR DESIGNER 2009 - 2011

COLOR & MATERIALS DESIGNER 2006 - 2009

MATERIALS LIBRARIAN 2006-2018

Promoted to Senior Interior Designer for the largest pleasure boat manufacturer in the world, I worked on products ranging from 16 foot power boats retailing at \$12,000 to 65 foot motor yachts retailing to \$3,000,000.

Leading the Color & Materials team, we created, specified and documented interior and exterior materials, soft goods, hardware, plumbing and lighting schemes on prototypes for the Sea Ray Boats & Yachts, Meridian Yachts & Bayliner Boats brands, working on the projects from concept to completion.

I created and presented annual global color and zeitgeist trend reports used not only internally, but also by brands within the larger corporation.

I also had the pleasure of working with individual clients for custom interior specifications, shepherding the specification through the production process, and working as the client's advocate through delivery.
