ABOUT US

Bluemont Sanctuary is a 501(c)3 Non-Profit Organization that provides a permanent residence to at risk, neglected, and forgotten animals. What started with a single horse needing a second chance at life, without the expectation of performance or work, has grown into over 40 equines (horses, donkeys, and ponies), that have been saved from slaughter, neglect, and abuse. Bluemont Sanctuary has also expanded into other programs, such as housing barn cats and goats.

ACCREDITATIONS

- 1) Nationally recognized 501(c)3 and Platinum Seal Rated on GuideStar. (The highest rating achievable for Non-Profit transparency)**
- 2) Member of the EQUUS Foundation as a Guardian (Largest National Animal Welfare Organization for Horses)**
- 3) Accredited by the Global Federation of Animal Sanctuaries**

OUR MISSION

Our mission is one of permanence; every rescue that walks through the barn doors stays for life. Regardless of an animal's age or medical conditions, the goal is to provide each one with a soft landing, which includes acres to roam, plenty of hay to eat, consistent and ongoing supplementary and medical care to ensure optimal health, and a herd and family to call their own. Bluemont Sanctuary is home to several bonded pairs, as well as mothers and babies, who live their lives together in safety. Under this model, every animal gets to live as naturally as possible and will never be adopted out, ridden, or used in any way.

COMMUNITY INITIATIVES

In addition to caring for the animals at Bluemont, the sanctuary also aims to affect change outside of its walls. We aim to both advocate and educate through a number of speaking forums, community partnerships, and education via social media to our over 90k followers. We also consult, advise, and help network those people who are looking to rescue an animal of their own or conversely, are looking to place an animal due to their circumstances.

BLUEMONT & BEYOND

In addition to providing a permanent home to animals we rescue, we also work with both other sanctuaries, as well as law enforcement, on larger neglect cases, both locally and nationally. Over the last few years, Bluemont Sanctuary has helped home over 300 animals through those scenarios.
