WHAT YOU NEED TO KNOW FROM A PLANNERS PERSPECTIVE

Williamsburg, Virginia is an incredible place to get married! We love it here. But there can be things that some couples don't think about, that we like to shed light on. Here are some quirky and some important things to think about when thinking about planning your wedding at our beautiful small town of Williamsburg, Virginia.

PARKING

Parking can be pretty terrible downtown during busy times of the year. Almost everywhere requires payment for hourly parking.

SMALL SPACES

The beautiful thing about our town is that we are home to a stunning colonial area. However, colonial houses and colonial buildings were built differently back in the day. We don't have a ton of high capacity buildings for events surrounding your wedding weekend.

COST

Over the years, our wedding industry has really grown in the area. Budgets are growing to be as high as our friends in northern Virginia. Be aware that while we do have some affordable venues in our area, wedding budgets are higher than ever before.

SMALL TOWN, LIMITED OPTIONS

We are a very small town! We don't have a ton of vendors in the area. We pull a lot of vendors from the Richmond and Hampton Roads/Virginia Beach area. You will find that there are only a couple vendors within each category that are local to our area,
