

AS YOU PIN

Look for Outfits You're Drawn To

Take special note of styles (casual, formal etc), patterns and types of fabric. Are there accent pieces or accent jewelry? Layering in the outfits? Bows on babies? Button downs?

Look for Similar Locations

Each family is different and will be drawn to different locations. Do you tend to like the more natural atmosphere? Wheat fields? Flowers? Lakes? Or are you loving the hip downtown scene?

Look for Color Schemes

It usually proves true that as you pin, you'll see recurring color schemes that you tend to like! This is a key to helping you! Reoccurring color schemes could be found in outfits, seasons, or locations! Be on the lookout for them!

Look for Consistent Moods

Every session has a mood. Upbeat. Casual. Romantic. Candid. The pictures you're drawn to are indicators of the mood that you like!
