Woo Hoo!!! You are about to have a fantastic lead page, congratulations! In order to use your website template, you will need to upload a code called a "share key" code into your showit5 account. This code will then generate the theme into your account. Please follow the instructions below.

1.)

Login to your Showit account.

2.)

Make sure you are in the area where you are already in a Showit template (meaning you currently within a website design) If you are in the area where it says "Pick a site" then just choose any site.

3.)

Now, click on your name at the bottom, left-hand corner of the screen where your photo is.

4.)

Then, Click on ADD DESIGN TO LIBRARY

5.)

Copy and paste this code kaD5ggGKW4eX56324 into the box and hit ENTER

6.)

Enjoy!
