## **SAVANNAH SURPRISE PROPOSAL**

Lafayette Square  
**5:30pm** September 20th,

## Reminders & Instructions

- **Location Sharing:**  
Please share your location with us **30 minutes before our scheduled time** so we can track you — (912) 321-1031. If you don't have an iPhone, send a quick text when you're near the Square or spot the church steeple.
- **Arrival:**  
As you approach Lafayette Square, please send us a text as a backup — tracking can sometimes lag. **Do not arrive early**, as we may not be in position and want to avoid being seen.
- **Spotting You:**  
Once you're dressed for the occasion, text us a quick photo of the two of you so that we know what you're wearing so we can easily spot you from a distance.
- **Crowd Management:**  
If there are a lot of people gathered around the fountain, play it smooth and try to wait until the area clears. We can edit out bystanders in most cases, as long as they're not directly behind or in front of you both.

## IMPORTANT – Proposal Moment Tips

- Once you're at your proposal spot, guide her so that you're standing face-to-face.
- Drop to your **left knee** — and make sure your left front and back pockets are empty (you don't want anything distracting in photos!).
- Please take your time — gaze into her eyes, smile, say something sweet. **Don't pop up too quickly** — this gives us time to capture a full range of wide and close-up images.
- Again, soak in the moment and **enjoy it!**
