ABOUT SUE

With over 20 years as a Christian women's event speaker, Sue loves bringing women together to feast on God's Word, to remind us our confidence begins in our identity in Christ, and our purpose follows: to invite others to know Him as well, one cup of coffee at a time.

As a Retreat Speaker, Bible teacher, or workshop leader, Sue provides Bible-based messages, stories from the heart, outlines, small group questions and quiet time meditation guides, as well as more than a small dose of humor.

Sue and her husband Mark of 35 years survived a 13-year remodel as well as raising three daughters. A self-confessed "late-bloomer," Sue led a full single life as a HS teacher and as a missionary with Wycliffe Bible Translators, including two years in Brazil and six months in Papua New Guinea.

THOUGHTS ON SUE

"Sue is so genuine and her messages were perfect for our group. Her biblical knowledge is excellent and her understanding and insights into our common daily struggles and triumphs are God-given. Sue's humor was a bonus that delighted us all.

"Sue was wonderful to work with... We were left with down-to-earth, concrete, practical applications of God's truth and plan for our lives.
