I'm So Happy You're Here!

Let me take a minute to do my happy dance... don't worry, it won't take long. I'm easily winded.

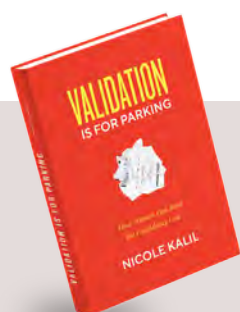

I'm Nicole, Podcast Host, Coach, Author, Speaker, Mom & Partner, Cheese Enthusiast, Hotel Snob & Reluctant Peloton Rider. I love to challenge the status quo, hate one-size-fits-all solutions, and have a stalker-like obsession with all things confidence.

Shedding gender expectations and redefining "woman's work" is both what keeps me up at night, and what gets me up in the morning (well that, and an abundant amount of coffee). And the only place I'm interested in leading people is back to themselves.

My mission is to help others gain confidence in who they are, own who they are not, and choose to embrace it all. I believe that there's a constant stream of experts who tell us how to BE confident. I'm more concerned with providing actionable tools to BECOME confident.

People say that "it takes a village" and I believe that impactful work can't be done alone. That's why I'm excited you're here! I can't wait to hear your vision and how you'd like to team up. I hope that we can work together, support one another, and create something meaningful.

Now let's get to work.

this is Woman's Work podcast

Together, we're redefining what it means, what it looks and feels like, to be doing "woman's work" in the world today. With confidence and the occasional rant.

From corporate boardrooms to artistic studios, kitchens to coding dens, we explore the multifaceted experiences of today's woman, confirming that the new definition of "woman's work" is whatever feels authentic, true, and right for you. You are the decider.

This podcast is for the career-driven, the get-shit-done warriors, the multitaskers who've perfected the art of typing an email, sipping coffee, and mentally planning business strategy simultaneously. You're a juggernaut in heels (or sneakers, because comfort), and you just found your hive.

Who runs the world? You decide. Because this is woman's work.
