COMING HOME YOUR EXCLUSIVE INVITATION TO REBIRTH

DEAREST YOU,

You don't just feel it. You know it. That quiet longing has become a powerful force. A call you can no longer ignore.

Because you are meant for **more**. **More depth. More power. More alignment. More of the limitless, unapologetic you.**

Coming Home is not just a retreat - it's an elite, high-frequency initiation. A quantum shift into the most elevated version of yourself.

Here, the past dissolves. Limitations vanish. You don't just shed old layers - you step into your **next level reality**.

This is for the visionary. The leader. The one who is ready to claim their highest timeline.

Through exclusive 1:1 intuitive coaching, deep energy recalibration, soul activations, and immersive Transcendental Journeys, you will unlock clarity, wealth, and effortless flow at an entirely new frequency.

This is your REBIRTH into infinite expansion. A return to full-body trust, magnetic power, and the kind of self-love that moves mountains.

YOUR NEXT LEVEL IS ALREADY HERE. ARE YOU READY TO WALK INTO IT?

with love, Mathalie

THE EXPERIENCE

This is not just a retreat - it's a portal to your most aligned, embodied, and limitless self.

Unlike group retreats or traditional coaching, Coming Home is a fully private, 1:1 immersion where every element is designed specifically for you. It's an energetic recalibration, a deep activation, and a sacred initiation into your **next level life.**

Bespoke & Intuitive - Every moment is attuned to your soul's unique rhythm. No fixed program, only what you need.

Luxury of Presence - Full, undivided attention. Deep, uninterrupted work. No distractions, just your transformation.

Sacred Homecoming – This is not about changing who you are, but shedding everything that isn't you.

The Most Intimate Transformation – In your chosen sanctuary, whether your home or a dream location, you will be guided through deep energetic shifts, tailored rituals, and activations designed for your expansion.

This isn't about escaping life for five days. **It's about returning home**, to yourself, to your truth, **to the life you are meant to live**.

YOUR ENERGY IS YOUR EMPIRE. This is your moment to step in.

5 POWER PORTALS

The Elite Coming Home Retreat is uniquely designed for you, yet these are examples of 5 daily transformative portals we may enter together.

The Art of Presence

Before you can rise, you must root. True transformation starts with full embodiment - inhabiting your body, accepting your human experience, and anchoring deeply into the present moment. Through grounding rituals, energy work, and somatic practices, you will reconnect with your physical vessel.

Energetic Liberation

Unprocessed emotions, subconscious programming, and inherited pain create invisible chains that shape your reality. This day is about breaking them. Through trauma release, cellular clearing, and deep energy recalibration, we dissolve old conditioning and free your system from what no longer serves you.

\mathcal{O}

The Quantum Leap

Your past does not define you - unless you let it. Through trauma healing, Transcendental Journeys, and high-frequency energy work, we rewrite the subconscious stories that have kept you in survival mode. This is the day you choose a new identity - the version of you that is led by inner knowing.

POWER PORTALS

Sacred Embodiment

Leaders aren't born; they are forged in transformation. It's time to step into the highest vision of yourself. This day is about becoming and fully embodying the energy of your highest self. Through high-level coaching, expansion work, and energetic activation, you will anchor your power, presence, and purpose into reality.

Limitless Expansion

This is the moment where you are the transformation. No longer reaching, no longer searching... just being. Through deep energy alignment, closing rituals, and a bespoke integration roadmap, you will leave this retreat as the person you were always meant to be. You are your new reality.

THIS IS NOT FOR EVERYONE. It's for the visionary. The one who is ready to unlock their highest potential.

YOUR 5 DAY REBIRTH

This is not a retreat - it's an initiation. Five days of pure, undistracted transformation, where we strip away every layer that is not you. From the moment we begin, you are held in a space of complete focus, discipline, and commitment. No distractions. No phone, no music, no television, no outside noise - only you, me, our teams in the unseen realms and the work.

For 8 hours each day, we move through deep layers of body, mind, and soul. We integrate transformation into the everyday, real change happens in the life you live, not just in moments of insight. If you choose to do this from home, you will embody presence in the most ordinary moments, whether it's buying groceries or preparing your meals. Every moment is intentional. Every moment is sacred. How your days may unfold:

Mornings – Awakening & Activation

We begin with movement - grounding through a workout or an embodiment practice to bring you fully into your body. Silent breakfasts cultivate presence. Then, the first energy work session and soul activation set the vibrational tone for the day, aligning you with your highest frequency. Each morning also includes a channeled wisdom lecture, where universal insights flow through on topics such as:

- How the soul takes form in the human experience
- The interplay of energetic fields in the universe
- The deeper mechanics of trauma and healing
- The sacred contracts between souls and their purpose in cocreation

These transmissions expand your consciousness, preparing you for the deep transformative work that follows.

YOUR 5 DAY REBIRTH

Midday – Nourishment & Integration

You will experience deep practices designed to recalibrate your nervous system and shift your frequency. Through reflective journaling, silent walks, or mindful cooking, we infuse transformation into the everyday. You are not just learning - you are becoming.

Afternoons – Breakthroughs & Expansions

This is where we go deeper. Expect channeled transmissions, highfrequency energy work, intuitive coaching, and trauma release. Through quantum shifts and embodied experiences, you will step into the next level of your evolution.

Evenings – Sacred Embodiment & Anchoring

As the day closes, we integrate. Whether through deep stillness, guided visionary work, or grounding rituals, you will embody the energy of your highest self - fully anchored in your new reality.

This journey is NOT for everyone It requires full presence, commitment & willingness

But for those who say yes: It is nothing short of life-altering

TESTIMONIALS & TRANSFORMATIONS

"Working with and talking to Nathalie is like having a conversation with your soul. She is the definition of an angel on earth in human form. She's direct but eloquent. Strong but soft and beautifully articulate. She knows how to communicate with love grace and patience.

I feel more in touch with my authentic self and the most self love I've ever felt after *Coming Home.* Lectures balanced with Transcendental Journeys. The program was customized to exactly what I needed. She channeled it all. I didn't even know what I needed, but she and the universe did. This experience and week together was so much more than I can put in words. I have chills just thinking about it. Let your soul sing and shine together. Move mountains.

I couldn't have searched the internet and found this. It will find you when you're ready and you will know. Breathe deeper. Nathalie is an example of taking care of herself and loving herself fully so she can share the gifts with the world. I'm forever grateful to have had this time with her to "wake up" to the truth of who I really am which is love, light and unity with all. I truly believe and feel it. I have cried all day after this journey knowing I am finally aligned and exactly where I am meant to be.

Nathalie is a gift to this planet and I would love everyone to experience the transformation I did this week. With an open heart and open mind, if you trust the process and allow yourself to be vulnerable, you will learn how to find and embody the bliss you deserve."

TESTIMONIALS & TRANSFORMATIONS

"Nathalie's calming and magical presence is like a soothing balm for the soul. After an incredibly intense year, I felt lost amidst the changes happening around me and within myself. Nathalie's exceptional ability to articulate what seemed so intangible, and to capture the essence of my soul's longings is truly magical. I'm deeply grateful for her guidance and the opportunity to share her beautiful energy. I feel more excited and hopeful about the future than ever!"

by Paulina, Poland

"Nathalie gets straight to the point. No long story, just bam, clear. What I've also noticed is that during the conversation, blocked energy starts to move. Afterwards, everything immediately feels different, and that effect continues for a while. You can always come back with a question, which I also appreciate. Besides that, Nathalie is simply a sweetheart and a delight!"

by Marion Pauw, bestseller author, Netherlands

"Dear Nath, what a beautifully profound and spot-on session you gave me. It immediately opened up new perspectives and is truly helping me move forward. You are incredibly kind, get straight to the core, and have an unbelievably beautiful gift that I hope will help many more people on their path. I would recommend it to everyone!"

by Chantal, Netherlands

"Nathalie's guidance and presence is pure inspiration and nourishment for the soul. My heart felt so much lighter after the reading - I felt seen, safe and secured. Of course it's hard to describe when you experience such a magical moment, so I recommend everyone who is looking for more depth in their spiritual journey, to meet Nathalie's angelic aura and draw your own picture."
