

Welcome to our inaugural production sale! We hope you are as excited about this set of bulls as we are. We work hard to provide the best carcass quality, maternal traits and phenotype that we can put together. Every bull has been genomically tested giving you the best opportunity for success, as your success is also ours!

Every bull in the offering scored a 5 on the RightChoice grading scale with 5 being the most desirable for traits, which is phenomenal in itself! We are striving to push the bar on Purebred and 3/4 Simmentals. Carcass quality pays dividends as you all know and in today's era it is even more important than ever before.

We invite you to come to the ranch and take a look at this set of bulls. We think you will be happy with what you see. You can then bid with confidence on DVAuction. We can't wait to meet and talk with each one of you.

Check out our website often for complete EPDs and any updates. Supplement sheets can be found sale day at Trifectacattle.com, DVAuction, or on Facebook.

TRIFECTA CATTLE CO.

Cody Kenyon, Jim Nickeson and Tom Marty

Progeny from:
