Subject: Loon - Draft AUAR & Traffic

WARNING: External email. Please verify sender before opening attachments or clicking on links.

Good Morning Vic and Jim,

As discussed during our meeting a couple of weeks ago, we were in the final stages of preparing the draft AUAR, which includes an initial traffic evaluation and recommended mitigation improvements. This draft AUAR document is now complete and currently out to the City for review. Would the County also be able to review and let us know of any questions or comments by July 10?

We would plan to address any City/County comments prior to it being published to the EQB.

Thank you!
