Birth Doula + Birth Photography Contract

Birth Doula + Birth Photography includes...

- all the services mentioned in the "Birth Doula Services Contract"
- photography throughout labor and birth until 1-2 hours postpartum
- high-resolution images edited in both color and black & white
- private online gallery where you can download image files
- unlimited printing rights & personal use

Coverage. Due to the unpredictable nature of birth, I am unable to guarantee any specific photos of your labor and birth. Every reasonable effort will be made to take requested pictures, but no specific pose or photograph can be promised. My role as your doula takes priority, however I will use my discernment of when would be appropriate times to take photos of your labor and birth.

Hospital guidelines. I am limited to the guidelines of the hospital policies regarding photography. Negotiation with the staff for moderation of guidelines is the client's responsibilities. It is recommended you call your hospital and ask their specific policy on photography during labor and birth.

Digital Files. The client will receive access to her photographs within 1-2 weeks postpartum. Your photos will be available to view & download via my online gallery. The files are high resolution images with unlimited printing rights & personal use. It is recommended you download the files to your own computer, because the online gallery is not guaranteed to be accessible longer that 1 year.

Model Release. Every so often Ellie Kolb likes to update her social media and website with new photos. By initialing below, the client gives Ellie Kolb permission to use photographs from her birth. These photos will be non-explicit and approved by the client. The client is aware the photographer will not post any photos without asking the client's permission first. The client understands that they will not be financially compensated for the use of the photographs.
