

Become a **Tall Pines Conservancy Partner** in Conservation and Help Protect the Future of Lake Country

The Benefits of Becoming a TPC Partner in Conservation

Contributing to Tall Pines Conservancy reflects your organization's values and raises your visibility within the Lake Country region of Wisconsin as a key player in water quality and farmland conservation. We offer numerous recognition benefits and you have the option to make a one-time or recurring contribution.

All Corporate Partners are Ride to the Barns Sponsors!

As a corporate conservation partner, your organization automatically becomes a Ride to the Barns sponsor for 2023 – our 15th anniversary year! This well-established and highly visible event attracts approximately 500 riders each year and is promoted through a variety of marketing channels both locally and throughout the Midwest. The benefits of your sponsorship vary based on your level of support.

Corporate Giving

We live in an area where many local businesses and organizations share our passion for saving our community's rural character by protecting our irreplaceable land and water resources. Our beautiful lakes and rolling farmland provide unmatched opportunities for outdoor recreation and a high quality of life, helping businesses attract and retain both employees and customers.

We invite your organization or business to join us in this effort.

Benefits	\$10,000	\$5,000	\$1,000
News release to media announcing partnership.	X		
Your logo with link to website in all TPC e-newsletters for one year.	X

Print newsletter and email updates.	X	X	X

Across our community, area farmland is waiting to be protected. And, our local waterways and ecosystems need your urgent care. You will make a difference today through your donation to Tall Pines Conservancy.

Your gift today will protect our area lakes, fertile farmland, open space and rural character – by reducing development pressure and promoting water quality initiatives through our partners at Farmers for Lake Country and Lake Country Clean Waters.
