Portrait images are captured as a full frame image. Due to the standard in the industry for popular enlargement sizes, there will be a slight loss of the image on either side when ordered as an enlargement. I capture the images allowing for this loss of image. 4x6, 8x12, and 20x30 portraits are full frame and there will be no loss of image.

A canvas portrait is mounted on a 3/4" stretcher bar, the staples are visible on the side of the bar, and will need to be custom framed. Gallery wraps are canvas portraits mounted on a 1 1/2" stretcher bar, the canvas wraps around the bar, the staples are hidden on the back, and hangs directly on the wall. No framing is necessary.
