Your Love Story, Captured with Heart and Soul

Congratulations! You've found your person—the one who lights up your world, fills your heart, and makes every moment more meaningful. This is the beginning of your greatest adventure, and I'm truly honored to be part of it. Your love is a story like no other, and your wedding day is a celebration of everything that makes it uniquely yours.

I'm here to capture it all—the quiet glances, the wild laughter, the unspoken vows, and every fleeting moment in between. Together, we'll create a collection of images that aren't just photographs but living, breathing memories—testaments to your love that you'll cherish for a lifetime. This is your story, told through my lens, with intention, care, and a heart full of love.

Hi, I'm Karina.

Love has a way of creating magic, and for me, capturing that magic is the best job in the world.

From the moment I picked up a camera, I've been drawn to the intimate, unguarded moments that tell the story of connection and joy. Photography isn't just my craft; it's how I celebrate the incredible ways we love and connect with each other.

I believe weddings are about more than just "the big day." They're about the quiet exchanges, the laughter that fills a room, and the way your story unfolds with your favorite people by your side. When you work with me, I'm not just your photographer—I'm a part of your team, someone who listens, celebrates, and makes you feel at ease. My goal is to document your day in a way that is artful, honest, joyful, and authentically you.

"Karina took our wedding day to the next level—her photos brought every moment back to life."

-Haley N.

My Unique Approach

Every wedding is its own living, breathing work of art, and my role is to step into your world with attention, intention, and an open heart.

I'm not just here to capture posed moments; I'm here to document the genuine, intimate exchanges that make your love story uniquely yours.

From our first meeting to the final gallery delivery, I take the time to truly get to know you—what makes your connection special and how you envision your day unfolding. On your wedding day, I'll be by your side—quietly and unobtrusively—capturing every heartfelt exchange, instinctive touch, and unexpected burst of joy. I thrive on capturing the in-between moments: the unguarded smiles, the laughter that lights up a room, the way your hands find each other as if by second nature.

Whether it's a weekend adventure in the woods, a backyard celebration, or an elopement across the world, I adapt to the flow of your day and the emotions that come with it. My aim is to create a space where you feel comfortable, connected, and free to be yourself, so the images we capture aren't just photographs—they're authentic reflections of the love you share.

Kind Words

"Being seen through your lens was effortless and delightful. Having these moments forever in image moves me to tears. This was the most "naked" part of our wedding day- joyful, sensuous, deeply alive. Thank you, dear Karina, for your clear and loving eye."

Second Shooter

While I can easily capture your wedding solo, there are moments when adding a second shooter can elevate your experience and ensure every detail is documented.

With a second shooter, we can capture different perspectives simultaneously—like your partner's reaction as you walk down the aisle or candid moments with guests while we're off taking portraits. It's perfect for larger weddings or when your timeline includes multiple locations and events. Together, we'll ensure no moment goes unnoticed, giving you a gallery that's as full and vibrant as your day.

"Karina took my wedding day to the next level. She went above and beyond to make sure she captured my special day perfectly. She was incredibly kind and sweet and really made the whole day that much more fun! She even included Polaroids and old film style photos which I really loved. The photos turned out absolutely beautiful and I could not be more happy with them. My husband and I couldn't stop giggling and smiling looking through them. If I could leave more stars I would because we really loved working with Karina. She's the best!"

Kind Words

“My wife and I worked with Karina for our wedding day, and absolutely could not be happier with both the experience she provided from start to finish, and with the photos. She has an amazing eye for which moments to capture, and does it while hardly being noticed. We seriously can’t recommend Karina enough - not just for weddings, but for any major moments in life”

- Daniel P.

FAQS

What happens if the timeline runs behind schedule on the wedding day?

No worries! I always stay flexible and adapt to unexpected changes. My goal is to keep things calm and ensure we capture all the important moments, even if the schedule shifts.

Can we include pets in our wedding photos?

Absolutely! I love when couples include their furry family members. Just let me know ahead of time so we can plan for the best way to include them in your photos and have treats ready!

What's your backup plan for equipment or emergencies?

I come prepared with backup cameras, lenses, and memory cards to ensure no moment is missed. I also have a network of trusted photographers who can step in if an emergency arises (though that's never happened!).

Do you help with choosing photo locations?

Yes! I'm happy to scout locations or recommend spots that align with your vision. Whether it's a scenic viewpoint, cozy backyard, or urban backdrop, we'll find the perfect setting together.

Can you provide guidance on what to wear for engagement photos?

Of course! I recommend neutral tones and comfortable outfits that feel like you. We will talk all about this in our meetings, and I will share an inspiration board to help with outfit selection.
