

HOW TO PLAY:

Now that you've decided what you and your family will cook, double check this list:

- Do you have everything the Ingredients Card indicates?
- Have you placed the cards associated with your recipe(s) on the board?
- Have you read the Kitchen Safety Section located on the bottom of Page 5?
- Have you asked all players about allergies/dietary restrictions?

Cook Your Way Across the Board:

- Select your Challenge (Cooking, Half Cooking or Snackable) and which recipe(s) to cook.
- If you're playing in teams, flip a coin to decide which team does which recipe.
- Use the board to guide you through the cook. Draw cards one at a time from left to right. Work your way through the cards to finish with the Judge's Scorecard.
- See THE CARDS section for each card type and its rules.
- Read the instructions on each card and do as it says before drawing the next card. **HEAD CHEFS** draw and read the cards to the **SOUS CHEFS** to complete the mini games (unless indicated otherwise).
- Start with all 3 Mystery Ingredient Cards. Once all 3 are completed, move onto all 3 Mad Skills Test Cards.
- Time to cook the recipe with the Recipe Card! Remember, if the steps call for a Game Changer, draw the Game Changer Card with the same number.

Judging:

- Once the **SOUS CHEF** presents their dish, if they receive over 80 points, then you win the game and can call yourselves MasterChefs.

Now it's Time to Enjoy Your Tasty Dishes!

FOR EXTRA TIPS:

Need some inspiration for how to use your mystery ingredients?

Need help practicing your Mad Skills?

Check out our instruction video at www.wildertoys.com/masterchef/tips for tips and a glossary of cooking terms.

KITCHEN SAFETY:

In The Kitchen:

- Children should always be supervised by an adult in the kitchen.
- When setting up the cooking station, it's best to separate the food ingredients and equipment from the game contents.
- Wash your hands with soap before starting to cook, and periodically throughout cooking. Dry them thoroughly before cooking.
- Work in a clean environment - make sure that cabinets and drawers are closed, spills are cleaned up when they happen, and all flammable objects are kept away from the stove/heat.
- Adults should always handle hot pots and pans, and set oven and stove temperatures.
- To prevent burns and fires, use caution around hot items and make sure there's adult supervision. If a burn or fire does occur, tell an adult immediately.
- Always keep raw meat refrigerated before use, and use a clean, separate cutting board to prevent cross-contamination.

Using Child-Safe Knives:

- Before using, hand-wash the knives thoroughly and then let dry. The child-safe knives should only be used with parental supervision. Hand wash only.
- The knives come in 2 sizes - 9" and 7". Use the size that feels more comfortable in the palm of your dominant hand, and that you're able to easily control.
- Use the measurements located on the side of the knives when required.
- For the best control, you should hold the knife at the top of the handle, where the handle meets the blade. Use your other hand to help hold the food that you're cutting, making sure that none of your fingers are close to the knife. Make sure that you're cutting on a stable surface, like a cutting board, with dry hands only.
- Use caution when using the knife. Be sure that none of your fingers are under the blade before slicing down. Practice using the knives on softer foods, like bananas, lettuce, and cucumber to get comfortable with knife safety.
- Avoid cutting harder foods like raw potatoes and carrots. Ask an adult to first cut it into smaller slices. Do not cut meat or meat products using the knife.
- If at any point you're not comfortable with the food you're cutting or using the knife, stop and ask an adult for assistance.

IMPORTANT WARNINGS:

Be sure to communicate to all players any dietary restrictions, allergies, or food preferences! This is very important to make sure that everyone can safely participate and eat the game's final dish. Substitutions are listed on the ingredients list for all major allergies, but be sure to check carefully as you move along the recipes.

Cut Hazard: Product has functional sharp edges. Contact may result in injury. Always keep edges away from fingers and body. Handle with care. Use with adult supervision. Product appearance may vary.

Caution:

- Wash the knives thoroughly before use. Hand-wash only. Use with adult participation.
- Not suitable for children under 7 years old due to proximity to hot surfaces and/or flames.
- Food images are for reference only. Your results may vary.

SHARE ON SOCIAL MEDIA:

Parents & adults, share your final dishes on social media using **#MasterChefFamilyCooking**. Tag **@MasterChefonFOX** and **@Wilder.Toys** on Instagram or **@MasterChef** on Facebook for your chance to be featured!

MasterChef

Family Cooking Game

AGES: 7+

2-6 players

WATCH VIDEO FOR HOW TO PLAY
wildertoys.com/MasterChef
Follow us @wilder.toys

Play as a family!
Playtime: 30-60 minutes

WHAT'S INCLUDED:

- 74 Recipe Cards (22 Recipes)
- 66 Mystery Ingredient Cards
- 66 Mad Skills Test Cards
- 66 Game Changer Cards
- 22 Ingredients Cards
- 22 Judge's Scorecards
- 2 Child-Safe Knives
- 1 Blindfold
- 1 Game Board

THE CARDS:

Ingredients Cards

Each recipe comes with an Ingredients Card. This card doesn't affect gameplay, but it will let you know what ingredients and equipment you will need to have on hand, or purchase, for the particular recipe. Make sure you have what you need (or a plan to go to the grocery store) once you select your Challenge type and recipe(s).

Mystery Ingredient Cards

Put the blindfold on your child (Sous Chef) and read the Mystery Ingredient Card out loud! Through taste, touch or smell, have the Sous Chef guess the correct ingredient for 10 points! If the mystery ingredient is a spice, only use your sense of smell to identify it. Right or wrong, players must incorporate the mystery ingredient in their final dish. This allows chefs to experiment with the ingredient as they wish! Note: Make sure to ask Sous Chefs about any allergies or dietary restrictions.

Mad Skills Test Cards

Put your cooking skills to the test with the Mad Skills Test Cards. As a team, read the card out loud. The Sous Chef completes the test and the Head Chef supervises, unless otherwise specified. Each test is worth up to 10 points! Note: Make sure to have a timer, or smartphone handy to time the tests that require it!

Recipe Cards

Work together to cook and follow each step on the Recipe Card! If a step says to "PULL GAME CHANGER CARD 1", flip over the 1st Game Changer Card on the board and follow the instructions. The cooking is done once your team completes every step on the Recipe Cards.

Game Changer Cards

Watch out for Game Changer Cards that provide surprise twists along the way! Flip over the Game Changer Cards only when instructed on your Recipe Card. Follow the instructions on the card and expect the unexpected! Each Game Changer Card is marked with a number on it. Make sure to flip over the correct number when instructed on your Recipe Card.

Judge's Scorecards

When your team(s) are done cooking, Sous Chefs get the dishes ready for presentation to the judges. Just like on the TV show, Sous Chefs should talk about their dish, how they incorporated their mystery ingredients and why they are happy or not with the final results. Head Chefs flip over the Judge's Scorecard to reveal the judge's criteria. Together, fill in your score to see how your family did. Are you the next MasterChefs?

THE RECIPES:

For every game session, pick one of the 3 types of challenges you and your family want to play. From there, pick the recipe(s) you and your family want to make!

1. Cooking Challenge (2 recipes - 60 minute cook-time)

BREAKFAST:	BREAKFAST POTATOES & SALSA	+	BREAKFAST BURRITOS & GUACAMOLE
BURGER NIGHT:	BURGER MANIA	+	CRAZY COOKIES & NACHO FRIES
CHINESE:	BEEF STIR FRY & FRIED RICE	+	DUMPLINGS & DIPPING SAUCE
GREEK:	CHICKEN SKEWERS & TZATZIKI	+	SPINACH AND FETA ROLLS & GREEK SALAD
ITALIAN:	RICOTTA GNOCCHI	+	TOMATO CROSTINI & SAUCE
JAPANESE:	CALIFORNIA ROLLS & MISO SOUP	+	VEGETABLE TEMPURA & DIPPING SAUCE
MEXICAN:	PULLED CHICKEN TACOS & CABBAGE SLAW	+	HOMEMADE TORTILLAS & MANGO GUACAMOLE
MIDDLE EASTERN:	MIDDLE-EASTERN BEEF PATTIES & HUMMUS	+	TABBOULEH SALAD
THAI:	TOFU & SHRIMP PAD THAI	+	FRESH SPRING ROLLS

2. Half Cooking Challenge (1 recipe - 60 minute cook-time)

If you're only one adult (HEAD CHEF) to supervise your kids (SOUS CHEFS), it can be easier to pick one recipe from any recipe duo instead of both!

For example, in Burger Night your family can cook the Burger Mania recipe without the Crazy Cookies & Nacho Fries recipe.

3. Snackable Challenge (1 recipe - 30 minute cook-time)

ELEGANT ECLAIRS	OR	GRANOLA & YOGURT PARFAITS	OR	GREEK MINI MEATBALLS & YOGURT SAUCE	OR	SAVORY VEGGIE SNACK
-----------------	----	---------------------------	----	-------------------------------------	----	---------------------

Ask players for allergies or dietary restrictions ahead of time, and exclude or substitute for any ingredients that they can't eat.

PREPARING YOUR CARDS:

- Use the cover card on top of each deck to find the corresponding large and small cards needed for the recipe or recipes you selected.
- Gather all the cards with the matching images. For example, in Burger Night the cards needed will have an image of a burger (Burger Mania recipe) or of Cookies/Nachos (Crazy Cookies & Nachos Fries).

With Each Recipe, You Will Need The Following Cards:

HEAD CHEF AND SOUS CHEF:

- This game requires the supervision of an adult at all times.
- The **HEAD CHEF** should be an adult, who is a parent or legal guardian, and comfortable with kitchen appliances and equipment. The **HEAD CHEF** must be familiar with using a stove, oven, and sharp knives. This game requires the supervision of an adult at all times.
- The **SOUS CHEF** must be at least 7 years old and accompanied by an adult at all times.
- If you have 2 **HEAD CHEFS** playing, pick cooking challenge #1 (2 recipes). Create 2 teams and have one **HEAD CHEF** + **SOUS CHEF** cook one recipe, while the other **HEAD CHEF** + **SOUS CHEF** cooks the other. Both teams must cook their recipe at the same time.
- You can have 1-2 **SOUS CHEFS** per team, but each team must include one adult **HEAD CHEF**.

THE BOARD:

- Once you're ready to play, place the game board on a table and place the cards face down on their allotted spaces on the board. Make sure all the cards needed for the recipe are on the board.
- Do not read the cards - leave them face down and flip only as you are playing or you will ruin the fun.
- If your family has 2 **HEAD CHEFS** playing and they are cooking 2 recipes, each team will use half of the board and place their cards accordingly (see example). If you are playing with 1 **HEAD CHEF**, your team will only need half of the board.

OBJECTIVE:

Does your family have what it takes to win MasterChef?

It's time to take on the MasterChef Cooking Challenges! Bring the MasterChef experience into your kitchen and keep kids entertained while learning about cooking and food. Play fun mini-games, work together in the kitchen to prepare breakfast, lunch, dinner or a snack and see if you can win MasterChef!

How to win? Collect over 80 points on the Judge's Scorecard!
