

SENIOR PORTRAIT

Investment Guide

WELCOME!

If you're reading this, you are stepping into one of the most exciting chapters yet. I'm here to document it with care, style, and a vibe that feels like you.

Senior portraits aren't just about cap-and-gown photos. They're about celebrating who you are right now — your confidence, personality, and everything it took to get here.

Whether you're the graduate or the proud parent, this guide covers what to expect, what's included, and how I'll work to keep you comfortable and confident every step of the way.

Let's make this moment something special.

You in?

THE EXPERIENCE

Your senior portrait experience should feel just as meaningful as the milestone — personal, polished, and stress-free. With years of experience photographing graduates across LSU's campus, I know how to find the best light, iconic locations, and bring out the real you.

From booking to delivery, I'll guide you every step of the way. You'll receive a prep guide with styling tips and session details, and during your shoot I'll gently guide you so nothing feels stiff — just relaxed, confident, and natural.

This isn't just about photos. It's about capturing who you are right now with intention, care, and images that will feel timeless for years to come.

What it feels like to be fully seen.

KIND WORDS:

“We used Rebecca for our son’s college graduation and family pictures and were highly impressed. Rebecca and I did all the details via text and email as I don’t live in the city where the pictures were being done. She responded quickly always and always had suggestions. The shoot ran smoothly and within our timeframe. Highly recommend!!!”

FAQ: Planning & Booking

✦ How far in advance should we book?

Most seniors book 1-2 months in advance, especially for golden hour, weekends, or spring graduation season. Booking early allows for a calmer, more intentional experience.

✦ Can I bring a friend or parent with me?

Yes please! Friends/family hyping you up makes the experience even more special. This session is a celebration — bring all the good energy!

✦ Can we bring a pet or props?

Absolutely! Dogs, champagne, heirlooms, books — I'm here to help tell your story. Just let me know ahead of time so we can prep a game plan.

✦ Do you photograph non-LSU seniors?

Absolutely! Many of my seniors are from LSU, but I work with seniors from all over.

✦ How do I choose locations?

After booking, we'll talk through your style and preferences, and I'll recommend locations that fit your vibe.

✦ What happens after we book?

After booking, you'll receive my Prep & Style Guide and, closer to your session, a short planning form. I'll handle the logistics and help with outfits, locations, or creative ideas along the way.

✦ How do you handle payment?

Secure payment will be available through your client portal. A 30% retainer reserves your date, with the remaining balance due before your session. Cash is also accepted with prior notice.

FAQ: During & After Session

✦ How will we receive our photos?

Your photos will be delivered through a beautiful online gallery with unlimited, high-resolution downloads — making it easy to view, share, and revisit your images whenever you'd like.

✦ Do you offer prints or grad cards?

Yes! You can order prints, cards, canvases, and more directly from your gallery. Everything is professionally printed through a trusted, color-calibrated lab for rich, true-to-life results.

✦ How long until we receive photos?

Your full gallery will be delivered within 2-3 weeks. Rush delivery is available upon request. Applicable session types will receive a Sneak Peek gallery 24-48 hours after their session.

✦ What happens in case of rain?

I monitor the forecast and, if needed, we'll reschedule for the soonest available date. Your experience (and hair) matters.

✦ Will my photos be shared online?

Some sessions may be shared on my website or social media, but your comfort always comes first. If you'd prefer your images remain private, just let me know at booking — it's always respected.

✦ How are images edited?

Every image is hand-edited and retouched by me with care. I first refine the color and tone, then individually retouch every image to remove distractions (blemishes, flyaways, clutter, etc.) so nothing pulls focus from your story.

The result is imagery that feels effortless, timeless, and unmistakably you.

Meet the Photographer

Part guide. Part hype woman. All heart.

Hi! I'm Rebecca — lover of life, connection, and all the little things that make it beautiful. I believe every story deserves to be remembered.

To me, photography isn't about stiff poses or forced smiles. It's about *presence* — laughter, tenderness, and those moments you *feel*, even if you don't always remember them.

I show up with intention, creativity, and all my best (bad) jokes because I care about the experience just as much as the final images.

Behind the camera, I'm a creative nerd with a heart for people. I love a good video game and night out with the girls.

More than anything, I want you to feel safe, celebrated, and completely yourself — because isn't that what we all deserve?

Let's make something beautiful together.
