Subject: Hermantown data center

WARNING: External email. Please verify sender before opening attachments or clicking on links.

Hi Dana,

I am working on a longer package about the Hermantown data center, so I have been keeping an eye on the rumblings with that. There was a public meeting tonight (Sunday) for people wanting to organize opposition to the data center. Commissioner Grimm was present and said that she "heard other commissioners have signed NDAs." Are you able to confirm this? Would anyone from the county be available for an interview on Wednesday or Thursday to talk about the county's potential involvement, if any, with the project?

I am aware of the NDA ban that is on the agenda for Tuesday's board meeting and have let Alex and Michael know about that so that we can hopefully send someone to it. I do expect there to be at least a few people speaking during the public comment portion.

Please let me know if there is information you can confirm and if anyone is able to speak on this issue.

Thanks,

Sabrina
