WELCOME

Hello there!

I am so excited for your Emotive Storytelling Session! An Emotive Storytelling session with me is wholly focused on taking the time to slow down and really appreciate long embraces, the art of discovery and subtleties of affection. During our session we intentionally make time to say the words we don't always stop to say that can bring out the best and brightest in those we love.

These sessions are not your typical portrait sessions. It is my desire to create photographs that do more than serve as proof that you existed, I want to show that you lived passionately and loved madly.

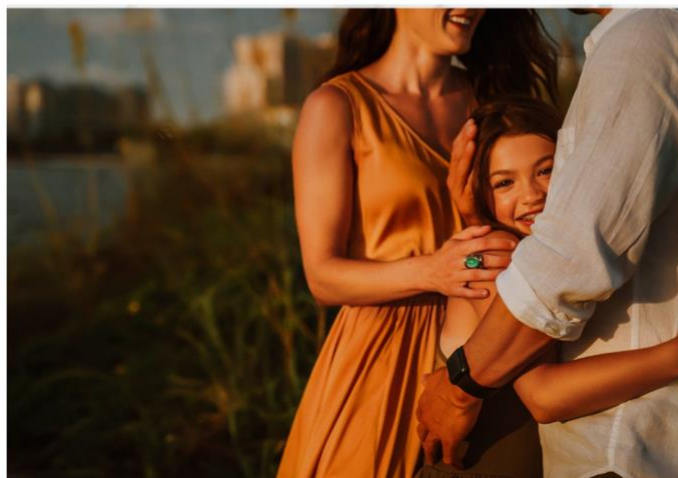

The Flanigan Family

FEATURED SESSION

With a last minute wardrobe change and a family that was so comfortable to be in each other's arms - the session was seamless!

The images give a sensation of a family embracing each other, taking time to just be. To hold, laugh and talk with one another.

Quick Tips

For the perfect session

NATURAL IS KEY!

I know it can be difficult especially in a new situation - but try to keep everything as natural as possible! My focus is on your interaction with each other, not on everyone being perfectly posed and looking at the camera.

Let me capture YOU being YOU!

HAPPY KIDS

I rely heavily on the children during my sessions. Sometimes they need a little more time to get used to a new situation and that's OK - we give them time! Maybe they need to hold onto you a little longer or maybe they need to play to burn off that extra energy. Let them! These make for the best images to capture anyway!

WEATHER

Weather happens - especially in Florida and especially during the summer! During the days leading up to your session I will keep a diligent eye on the forecast. The day of our session is when we make a call to reschedule if it's going to be a total wash out (or if there is a tropical storm/hurricane). I LOVE SHOOTING A MOODY SKY! I adore the wind and clouds - they create the best backdrop!

BE PREPARED

Be ready to have fun, to play games, to snuggle, to hold each other - to love.

Be ready to get a little wet and sandy.

Be ready for the wind to mess your hair and be ready for me to capture every precious moment during our time together.

BE AN OCEAN
BEAUTIFUL, MYSTERIOUS,
WILD AND FREE!

From start to finish...

HERE'S WHAT TO EXPECT

1.

INQUIRY AND PLANNING

You've done it! You've taken the first steps to documenting your love for each other! Tell me what type of session you're looking for, what type of setting you're interested in and a time frame for your session to take place. Together we will pinpoint an exact location, date and time.

2.

CONTRACT AND INVOICE

With all of our details planned, I will create your digital contract and invoice to email over to you. A 20% retainer of your session fee will be due at the time of signing your contract to fully secure your date.

3.

QUESTIONNAIRE

I will send you a questionnaire that will help me better prepare for your session. I want to know your likes, your dislikes... bring me briefly into your life to fully help me create your emotive session.

4.

STYLING

Have you ever noticed how some images just speak to you more than others? Do you want your images to be consistent with what you see in my portfolio? Let me help you style your whole family! You will be provided a link to my client closet where you're welcome to choose a dress to borrow. We'll then work to get everyone else coordinated.

5.

SESSION DAY

It's here! The day of your session. At this point you will have heard from me to confirm and go over the details of our meeting. All that's left is for you to relax, enjoy yourself and just let go! I've got it from here!

6.

GALLERY DELIVERY

After our session date, you can expect the delivery of your completed gallery within 4 weeks where you'll be able to download your chosen images right away!

A few tips to get you started

COMPLEMENT & COORDINATE BUT DON'T GET TOO MATCHY! Find a color palette that you love and choose outfits that compliment each other without looking too matchy-matchy. We want everyone to look unique and portray their individual style. Opt for neutrals with a few pops of color or a softer palette that has different ranges in tone of the same shades. Stay away from polo shirts, 'blue jeans and a white t-shirt' for everyone or outfits that don't allow personality.

Suggestions:

We are creating a memory of your favorite day. I want you to choose clothing that reflects who you are as a person and makes you feel beautiful and confident. The following are my personal recommendations and I am happy to help you select the best clothing for your session!

For women and girls: long flowy dresses help create a feeling of movement and emotion in your images. Choose solid colors or timeless prints that compliment your skin tone. You can find amazing pieces at Free People, Lulu's, Jen's Pirate Booty, Forever 21, Joyfolie and ASOS. I also highly recommend wearing your hair down for added impact in your images

For men and boys: V neck t-shirts and button ups in solid neutral colors: white, gray and blue and fitted shorts or pants.

These are by no means rules, and if you have more eclectic tastes and love lots of color I encourage you to put as much of your personality into your clothing selection as possible! Don't forget about accessories! I love lots of rings, beautiful long necklaces and hats of every kind!

A lot of my sessions take place at the beach, so if you're comfortable being photographed in your bathing suit, PLEASE DO IT! In this way we are able to get two very different looks from the same session! I would say somewhere around 95% of my sessions end with families jumping in the ocean anyway, so at the very least prepare to get dirty and wet by the end and bring a change of clothes to ride home in!

A LITTLE LOVE FOR LETHA IMBODEN

I can't tell you how amazing my family shoot turned out. I take pictures very seriously and I don't think you should put a price tag on memories. Finding the perfect photographer to be able to capture who you truly are just by a picture is very difficult... I see many vacations to Florida in our future just so we can have her again

ELLIE NASH

Letha is beyond phenomenal. We live in Arkansas and went to Clearwater for our honeymoon. I contacted Letha 2 weeks before going and she was very responsive and did so in a timely manner. She has a beautiful collection in her client closet and paid close attention to every detail. She asked questions to get to know my husband and I and how we wanted her to embody and portray our relationship. She nailed it!

JORDYN CREECH

Letha is an amazing photographer! Her work is thoughtful, natural, and composed in a way where the beautiful backgrounds and scenery enhance the subjects yet still allows them to take center stage. No detail is left unaddressed. We have used Limboden Photography for several shoots over the last two years and will continue in the future! We are always thrilled with the results.
