[Ballard Designs](#) - Some of my favorite panels are from Ballard, check out [my post](#) on how to add trim to them.

[Target](#) - Opal House and Threshold have some great options for panels at a fabulous price. Great for basics you can doctor and for projects on a tight budget.

[Ikea](#) - Ikea, like Target is a great affordable option for panels.

[Pottery Barn](#) - (teen and kids too) You can find some nice window treatments here, especially roman shades.

[The Shade Store](#) - This is one of the pricier resources on my list, but they have a lot of choices and will come measure to make sure you get a custom fit.

[MJ Trimming](#) - If your panels are feeling a bit dull, then you can add some trim to make them look custom and expensive. ([check out this post](#)). This is the place to get trim and ribbon that won't break the bank.
