

Hello!

I am a storyteller, a moment catcher, memory stopper and I am proud to document tiny humans built on love and happiness. Within my portfolio you will find a curated collection of my maternity, newborn and baby portraiture.

I want to give you honest, tender and pure photographs that share your truth. Images that not only reflect what you see, but more importantly, what you feel.

If my work speaks to your heart, I would be honored to work with you and provide you with an experience you'll never forget!

God creates them, I capture them!
-Jaime Anderson

What to expect:

before

Prepping for a session with us is simple. Paying your session fee will lock in your date and time with us. After that, we will send you a prep guide with tips and tricks for happy babies along with location and a style guide. Making sure your baby is fully fed and rested helps make the session go smooth. Don't stress if naps don't go as planned- Babies make the rules and I will make magic happen anyways!

Remember, we want to capture your family just as it is, so no need to stress.

during

Newborn sessions are the most posed sessions we offer, we will guide you and direct you on how to pose to make it look as natural as possible. We have many years of training to pose your baby with ease in the adorable images you see in our portfolio.

All baby portrait sessions are baby-led. We listen to your baby and what cues he/she is giving me to get the best images. We will not pose you, yet prompt you for genuine reactions. We play a lot of games, tickle and laugh for a really fun time.

after

Approximately 2 weeks following your session, we will have your gallery ready for viewing. For newborn sessions, Ana will meet with you in-person to discuss your gallery and help you order your digital images, prints and/or products.

Once your baby is older you can meet Ana in-person upon request for help ordering or you may do your ordering online via an online gallery.

Online galleries will be active for 2 weeks, after that all photographs will be archived. There is a \$50 reactivation fee to reload your images if you have failed to download and save images before the gallery expires.

Love notes from our clients

Maria:

I was a little scared of the idea of someone shooting my labor and delivery, but the second Jessica walked into the room, she made me feel like we had been friends for so long. She went above and beyond for the next 20 hours making sure I had water ice, blankets, and taking photos at the same time. To say that I loved my L&D shots would be an understatement! She captured the most beautiful moments of me bringing our little girl into this world. We tell everyone about her work and I would highly recommend her to anyone! Our little girl is one now and she has done her 6 month and 1 year shoot and each time I have cried at the incredible moments she has captured. She will forever be our family photographer <3 She really is the baby whisperer!

Kelsey:

I think it is evident you have a true passion for capturing beautiful moments for families. You are so laid back it is easy to feel like a friend is on the other end of the camera. We completely trust you and Ana and the work you produce is perfection. You are an artist, and a great one.

Erica:

We've worked with Jessica at Fat Baby for a year now and just love her! The photos are fabulous and her way with babies and small children is unmatched. I think we will have completed 5 shoots this year and can't wait for her to shoot our newest addition next year. She's a true photo genius!! And we are Fat Baby addicts!

Angie:

Jessica is the "Joanna Gaines" of baby pictures! She is so passionate about what she does and it shows in her work. She cares about you and your baby and takes the time to get to know your family. I am CONSTANTLY recommending her. I will continue to use her for all my baby pictures.

Melanie:

If I could give 100 stars, I would! Jessica has a way about her with babies, that's simply magical. It's fascinating to watch her "work" and then to see what she's captured? It's breathtaking to say the least! Twin grand girls in March 2017 and then a grandson in May 2017!! We loved every part of our experience with FBP. From scheduling to her delivering the magic!! She's top notch in my book!

Heather:

I can't say enough good things about Jessica. She is amazing with newborns, so patient with toddlers, beyond creative with her sets and always captures some amazing shots. I am so grateful that I found her when my little one was born and have been able to continue to use her for all my little girls milestones for three years so far!

Frequently Asked Questions

Question: Does the session fee go toward my package?

Answer: No, the session fee is in addition to the package of your choice. Please see Pricing and Packages for more details.

Question: Can we do an outdoor session?

Answer: Yes, I shoot at 4 different locations in Dallas, TX. I try to stay away from over populated photographer areas and find unique fields that wont have crowds in the busy season.

Question: How will my pictures be delivered and how long will it take?

Answer: Galleries are delivered via online with download access to your high resolution digital files with a print release approximately 10-14 days after your session.

Question: How long will my session take?

Answer: Sessions vary on timing for different baby ages. Newborn sessions can take up to 3 hours. Older baby sessions last on average about 30 minutes which is most babies attention span.
