Prenuptial Agreement

Planning for whatever the future holds
Rooted in empowerment and love

Working with couples to determine the next best steps for their marriage.

Prenuptial Agreement

The ***Solace Prenuptial Journey*** is a loving agreement between two souls prior to getting legally married, resulting in a written contract that can be used in the future. Rooted in ***empowerment and love***, this document captures and celebrates all that you love about each other and the respect and integrity that comes with making a commitment to one another.

We know intimately that society has given the Prenuptial Agreement a heavy energy, a stigma that you do not believe your marriage will last. However, embracing what we all know, that everything in life continues to evolve and change, this agreement is a powerful way for both you and your partner to celebrate yourselves as individuals and honor that your union must always respect the two halves creating a whole.

At Solace we see the ***Solace Prenuptial Journey*** as a way of capturing all that has brought a couple together. No one who gets married believes that it will end in divorce. But if this happens, don't you want to end this journey in the same way that you started, with love, respect and integrity?

The Solace Prenuptial Journey will guide you through all necessary conversations regarding your premarital assets and debts, and will also guide you through conversations regarding marital property and what you both believe to be a fair and equitable division if you divorce.

The ***Solace Prenuptial Journey*** is billed at \$400 per hour and includes the financial disclosure inventory report, mediation session(s) guiding the couple through all necessary legal conversations, and the drafting of the prenuptial agreement. On average, a Prenuptial Agreement can be completed in 1-2 hours.

Visit us as **solacedivorce.com** to book a free virtual consultation to see if our Prenuptial Journey is the next best step for you.
