# SO EXCITED YOU REACHED OUT!

I created the following guide to give you an overview of what it's like to work with me and to share more information about the collections and optional add-ons I offer. If you have any additional questions or concerns after reading through it, please don't hesitate to reach out via email.

# MY PROCESS

## STEP 1: PICK A DATE & TIME

After reading through this guide, the next step is for us to pick a date & time for the session. Typically I like to do sessions right before sunset because the lighting is softer and better for photos, but this can be flexible for other times as well.

## STEP 2: SIGN CONTRACT & PAY RETAINER

If we're a good fit and you'd like to move forward with that date and time, I'll send you a proposal with a contract and invoice to make our partnership official. Once you submit it, your date is secured on my calendar. Then the planning process will begin.

## STEP 3: PLANNING

During the planning process I we will discuss locations that we could do and I usually also send an outfit guide that can give helpful tips on planning your outfits and what photographs well.

## STEP 4: SESSION DAY!

The day has finally arrived! Usually I check in the day-of to see if you have any final questions about the session. Typically I arrive a few minutes early to look at different spots that we can take photos so that i'll be ready to go once you get there!
