

PRAY

FOR THE PERSECUTED

MOZAMBIQUE

LOCATION & OVERVIEW:

Along the southeastern coast of Africa. Today, Mozambique is among the poorest and most dangerous countries in the world. While the country is majority Christian, the northern provinces are predominantly Muslim.

MAJOR RELIGION:

The country is majority Christian, including 13% evangelical. About 25% hold to traditional ethnic beliefs, and 17% are Muslim.

PERSECUTOR:

Islamic extremists persecute Christians in the north, while believers face social and community-wide persecution in other Muslim-majority areas.

FOLLOWING CHRIST HERE:

Christians, especially pastors, in the north have suffered greatly from Islamic extremists. All churches and Christians' homes are typically destroyed causing believers to flee across the country. Christian converts face persecution and are ostracized from their families.

ACCESS TO BIBLES:

Bibles are available but are hard to find in some areas and in some dialects. Since many tribal groups are illiterate, audio Bibles in their dialects are highly sought after.

PRAY FOR:

- Christians who have lost everything in recent Islamist attacks.
- Pray for the 16,000 displaced Christians receiving emergency food relief this year.
- Pray for audio Bibles to be received so that others can find Hope and be encouraged by God's Word.
- Pray for efforts to rebuild churches destroyed in Islamist attacks.
- Pray for the encouragement of those ministering to displaced and traumatized Christians.
