Men's Collegiate Rugby Championship (CRCs) 7s
Tournament Fees and Travel, April 26-28, 2024.

USAFA Zoomie Men's Rugby Operational Fund

2024 Rocky Mountain Conference Championships

7s Tournament hosted by the Academy is a part of the College Rugby Association of America (CRAA) D1A Tournaments that will provide players experience for the College 7s Championships coming up later in April and in May. Teams from National Collegiate Rugby, American College Rugby, and divisions in each, are competing with D1A teams in the tournament. Ruggers all along the Rockies - from Montana to New Mexico and from Colorado to Utah – have met on and off the pitch, to build relationships and advance the sport along the front range and beyond. We wish all competitors good luck in the tournament! Let's all remember the core values of World Rugby: integrity, passion, solidarity, discipline, and respect. These are important character-building traits learned in rugby that will last the players a lifetime.

The mission of Air Force Academy Rugby is to develop exceptional leaders honed by the program's uniquely competitive and demanding environment. The program's warrior ethos prepares graduates for any challenge they may face on the battleground, in business negotiations, or in life's stresses. The top ranks of Air Force officers have been well represented by rugby alumni.

A brief history of USAFA Rugby: It began as an intramural sport when the founding class started in 1955. In 1961, we started playing visiting overseas teams, and we officially became a club team in 1968. In our first matches, the A team ("*All Blues*") beat the Denver Highlanders, 29-0, and the B side ("*Silver side*") fought the Denver University A team to a 16-16 tie. Duly impressed by our fit and fast players, the Eastern Rockies Rugby Union called us "*Zoomies*". Their nickname replaced "*All Blues*" in 1969 and is still in use.

Zoomie Men's Rugby has a proud record of success at the collegiate level. This includes three national championships (2003, 1990, 1989), five National Championship Runner Up (1995, 1993, 1987, 1983, and 1980), numerous National Championship Final Four appearances, and many successes at the 7s Collegiate Rugby Championship (CRC) and CRAA D1A R7CCs Tournaments.

Men's Blue (A) is a USA Rugby D1A team competing in the Rocky Mountain Conference. The ZRFC 7s team will be traveling to Boyd's Maryland April 25-28 for the National Collegiate Rugby (NCR) Collegiate Rugby Championships (CRCs).
