

STAGE IT

THE END-TO-END PROCESS

- 1** Fill out the initial inquiry form as it will let me know that you're interested in booking a service with me.

- 2** Once you fill out the inquiry form you will receive an email response from me. I'll be asking you to share inspiration pics for the project (if any) and we'll arrange the best time to talk.

- 3** We will arrange a 15-minute complimentary discovery call to discuss your project needs and goals further, including any logistical information needed to provide you with a custom proposal.

- 4** Please allow up to 72 hours after our discovery call to receive a custom proposal.

- 5** If you're still keen on working together you'll receive onboarding documents such as a contract, confirmation of project start date, and an invoice to be settled before the design work can begin.

STAGE IT

THE END-TO-END PROCESS

- 6** This is when the real party starts! You can expect to receive your design deliverable within 7-14 days!
-

If you love it and approve, I'll compile a shopping list for you and you'll be able to install it on your own time.

- 7** My team and I can also coordinate and oversee the install if you're local to Bergen County, NJ. This must be arranged and agreed upon during the onboarding process.
-

- 8** I'd love to see how it all turned out so please do share your project progress, before and after pictures would be so helpful!
-

- 9** The finale is your testimonial. I'd love to hear about your experience and how I can continue to better serve my clients! This is when you'll get a follow-up survey to review our time together.
-

- 10** Please do stay in touch; I'd love to hear how your space is holding up to everyday use!
