

I TeachKloud TeachKloud

De Moura Lawson developed four bespoke training videos for TeachKloud in order to be utilised as part of training early education center employees and specialists for their operations worldwide.

- Delivery of Bespoke Instructor Led programs across numerous cities around the United Kingdom such as Manchester, Newcastle, Bristol, Liverpool, London, Birmingham and many more.
- Production of various webinars on topics such as Leading and Lagging Safety Indicators, Behavioral Based Safety Programs and Contractor HSE Management.

METHODOLOGY

Demoura Lawson Consulting developed the below four training videos that are now used to provide a basic awareness to early education employees working with TeachKloud worldwide:

- Manual Handling In Early Education
- Food Safety in Childcare and Early Education Settings
- Fire Safety in Early Education
- Pediatric First Aid Awareness

OUTCOMES

The program has allowed Teachkloud to provide much more value to its clients worldwide allowing for more subscribers to utilise their products as a result of the added benefits the program offers.
