Nicole R. Coote (nee Pendleton) MD BSP

711 Emmeline Cove Saskatoon Saskatchewan S7J 5G8 (306) 371-8203 – nic.coote@gmail.com

EDUCATION

Master of Health Professions Education- College of Education, U of S	2023- Present
Neurosurgical Resident University of Saskatchewan – Saskatoon, SK Post-graduate year 5	2020-Present
University of Saskatchewan College of Medicine Doctor of Medicine	2016-2020
University of Saskatchewan College of Pharmacy Bachelor of Science in Pharmacy with Distinction	2008-2012

Lab courses:

- Laboratory Safety
- Biosafety
- WHMIS 2015
- Safety orientation for employees
- COVID-19 Health and Safety

Animal courses:

- UACC Animal Ethics Course: Lab
- UACC Practical Skills: Rodent Handling
- UACC Practical Skills: Anesthesia
- UACC Practical Skills: Surgical skills

HONORS & AWARDS

Canadian Association for Medical Education Rising Star Award Certificate of Excellence for Graduate students	2024
Award of Excellence in CanMEDS Leader Role	2022-2023
College of Education Graduate Studies bursary	Fall 2023
Resident Research Incentive Award	Oct 2023
Resident Research Incentive Award	July 2023
Resident Research Day – University of Saskatchewan	Nov 2022
Resident Research Award Recipient	Mar 2022

Resident Research Day – University of Saskatchewan

Dec 2020

Fall Research Poster Day

2017

Accolade

• First Place Winner in Pediatric Research

Vice-Dean Research Letter of Excellence

2017

Excellence

Demonstrating a high level of excellence in 2017 Dean's Summer Research **Projects**

Choosing Wisely Canada STARS Leadership Summit

2017

Leader

Successful applicant for representing the University of Saskatchewan at this student leadership summit and National Choosing Wisely Canada meeting

RESEARCH EXPERIENCE

University of Saskatchewan Saskatoon SK

2022- Present

- Markers of Oxidation after Intracerebral Hemorrhage in Mouse Model
 - Surgical methods on animal model
 - Applications for research funding
 - Synchrotron and FTIR imaging on specimens
 - Preparing ethics applications
 - Delivering presentations of research

Advisors: Drs Lissa Peeling, Michael Kelly, Nicole Sylvain, Jake Pushie

University of Saskatchewan Saskatoon SK

2021-2022

- Establishing a mouse model of Intracerebral Hemorrhage at the UofS
 - Surgical methods on animal model
 - Applications for research funding
 - Synchrotron and FTIR imaging on specimens
 - Preparing ethics applications
 - Delivering presentations of research

Advisors: Drs Lissa Peeling, Michael Kelly, Nicole Sylvain, Jake Pushie

Royal University Hospital – Saskatoon SK

2018

- Prospective Risk Assessment for Children with Type 2 Diabetes in Saskatchewan
 - Drafting methodology for large inter-professional research project
 - Preparing ethics application
 - o Advisors: TJ Bradley, M Nour, R Dyck, M Inman, P Mondal

Royal University Hospital – Saskatoon SK

2017

- Retrospective review of the early clinical course of childhood-onset type 2 diabetes in Saskatchewan
 - o A review of all children followed by the Saskatoon Diabetes Clinic for DM2 in Saskatchewan
 - o Advisors: TJ Bradley, M Nour, R Dyck, M Inman, P Mondal
