ARTFUL — IMAGERY

film and digital

Welcome —

When you look back on your wedding photos, do you want to remember how it looked or how it felt?

If you want to remember both, then you're in the right place, my friend.

Photos are the only thing that you'll have to remember your elopement by. I know how much of an investment this is, and completely understand the overwhelm it might feel to pick the right person. I encourage you to allow this process to be fun and enjoyable. Picture yourself running on the road, or saying your vows on the side of a mountain. Embrace the joy.

As you scroll through these pages, take a deep breath. I hope my heart radiates through my art. This is your day and I would love to be a part of it.

"I feel that there is nothing
more truly artistic than
to love people."

Vincent Van Gogh

This is an experience far beyond just photos. I want you to remember the way the wind felt on your cheeks, how the warmth of the sun on your arms. I want to capture that look he gives you when you say your vows. Every tiny, seemingly insignificant detail.

Those memories are priceless.

A Love Letter /

“I cannot say enough good things about Kmac and her work. Not only was she a joy to work with on my wedding but even leading up to my big day. Prior to my wedding she reached out multiple times to confirm plans, brainstorm ideas, and just provide encouragement.

On the day of my wedding she made everything fun and her presence brought peace to the day. If you want a photographer that will care about you, capture amazing photos, and handle each situation with professionalism Kmac is your girl!”
