Style Tip

Conceal a vent hood for a clean, uncluttered look

LOOK #4

ELEGANT CONTEMPORARY

If you love these kitchens, choose elements like:

- Shaded white or bone-coloured cabinets with delicate metal pulls
- Streamlined or concealed appliances
- White quartz or richly veined marble countertops and backsplashes
 - Clutter-free design with predominantly closed storage
- Leather or upholstered stools with an eye for comfort

THE FORMULA

Modern Wallpaper
+ Floating Vanity
+ Oversized Mirror
= Airy Contemporary

WHY IT WORKS

The trick to making a small room feel bigger is to create the illusion of space. In this powder room, a sleek wood vanity is suspended in front of a floor-to-ceiling mirror that not only reflects the entire room, but is also mounted a few inches off the wall to increase the feeling of airiness. Ethereal glass pendants float above a high-gloss countertop while a loosely scribbled wallpaper keeps things interesting.
