kind words

Danielle was an absolute joy to work with and her work speaks for itself! My husband and I are both very introverted, camera shy individuals, but Danielle made us so comfortable and captured us in ways that made it feel natural and easy.

She worked tirelessly our entire wedding day, was always easy to get in contact with throughout wedding planning and was the calm in the storm on the wedding day. I can't recommend her enough! Phenomenal person and such a great experience.

The Process

HERE'S WHAT YOU CAN EXPECT NEXT!

I. INQUIRY

Check our online calendar to see if your date is available, and book a consultation call if you want to discuss your day in more detail.

Look over all our information together, and decide on which package best fits your needs!

2. BOOKING

Once you decide to book, I'll set up a personalized wedding booking site for you! On the site you can view the proposal of services, review the contract, and pay your deposit to lock in your date.

We offer Choose Your Own Payment options, so when you sign the contract you will be able to split up your cost into monthly payments if you like.

Your date will be officially reserved and locked in as soon as your first payment is made and the contract is signed!

3. THE STORY SESSION

(One of my favorite parts!)

If you book a film with us that includes a Story Session, we will schedule a 45 minute session where we go somewhere special to you as a couple and just record your story.

We'll shoot some beautiful couple shots that we can use in the final film and capture some great audio of the two of you telling the story of how you met, started dating, and made it to the wedding day!

4. WEDDING DAY

The day of the wedding all you need to do is get married and enjoy the day!

I'll check in a few weeks prior to the wedding to get a finalized timeline, and I'll show up early to make sure I get all the detail shots we need. I will be there the entire day to document everything as it unfolds.

5. DELIVERY

Your full highlight film will be delivered digitally in 12 weeks. But don't worry - we'll be sending over lots of content while we're working on the final edit, so you'll have plenty to share.

Couples booking packages with the Bridal Party Cam and Social Content Kits typically receive those edits within the first two weeks.

BRIDAL PARTY CAM

The Bridal Party Cam is one of our favorite parts of the wedding day!

The morning of your wedding (or sooner if you live locally!) we give a 4k Canon Camcorder to the bridal party to use all day. They can make home movies, interview guests, choreograph dances, or do anything else they think of!

This has been a favorite of our couples for years now, with some bridal parties creating edits as much as 2 ½ hours long!

Your family and best friends can capture those raw, behind the scenes moments that we, as outsiders could never get.

So far we've seen dances, messages to the couple, interviews with grandparents, and so many other precious memories!

The footage is dropped into a timeline and delivered digitally, along with all your other films!

THE FOMO EDIT

Don't want to miss out on any of the many little moments through out your wedding day? Our FOMO (Fear of Missing Out) Edit is essentially a 2-3 hour video (depending on the amount of footage) of everything we shot that day! In other words - a glorified home video edit of your special day. Clients from years ago say this is their favorite thing to rewatch!

We drag all of the footage we shot from the entire day, and place it in our editing timeline chronologically, and deliver it to you. We'll remove horribly shaky, or duplicated shots. Film will not be colored (fine-tuned for brightness/contrast, color temperature, etc.), and will not include background music.

SOCIAL CONTENT KIT

The Social Content Kit is essentially a collection of horizontal and vertical clips from the day (all trimmed and color corrected), along with instructions on how to use them to create reels.

Kits typically are sent out via Dropbox a couple weeks after the wedding, so that everyone has beautiful content to share from the day!

It gets delivered to the couple and to all of the vendors from your wedding, so that everyone can use them to make fun reels!

The actual final film takes eight weeks to edit, so the Content Kit is a fun way to give everyone something to show off in the meantime!

FREQUENTLY ASKED QUESTIONS

I. WHAT IF I DON'T LIKE MY FILM?

Your wedding film is an heirloom that you will have forever and show your grandkids someday, so I want it to be absolutely perfect.

As much as possible when editing your film I will use the best shots, most flattering angles, and cleanest audio. If there is anything you would like adjusted though, all you have to do is send me a quick email after your final film is delivered!

Since exporting and uploading is such a process, it works best to change everything at once, so if you have multiple revisions, just send me a list of them along with the timestamp of each one, and I'll get them adjusted!

The first round of revisions is included in your package, so be sure to be as specific as you can, and we'll get everything perfect for you!

2. HOW DO YOU GO ABOUT SELECTING MUSIC FOR THE FILMS?

I love this question, and it's one of the biggest concerns I've seen from inquiring couples. The short answer is: I want my couples to be as involved or as hands-off as they want! Some of my all-time favorite edits have come from couples with a very specific vision for their soundtrack.

I recently put together a Song Selection Guide that goes everything music-related in much more detail. If you're interested in learning more, just let me know and I'll email you a copy!
