HAVING RISA THERE WHILE GETTING READY AND TAKING PICTURES FOR OUR WEDDING WAS TRULY INVALUABLE. SHE WAS THERE TO HELP OUT WITH ALL OF THOSE THINGS YOU NEVER THINK OF. FROM ADJUSTING MY STRAPS TO MAKING SURE THE NECKLINE ON MY DRESS STAYED IN PLACE, RISA DID IT ALL! IT WAS WONDERFUL HAVING SOMEONE OUTSIDE OF THE WEDDING PARTY ENSURING THAT ALL OF THE SMALL DETAILS WERE AS THEY SHOULD BE. EVERY BRIDE NEEDS HER THERE ON HER BIG DAY!

## HOW IS THE BRIDE'S BEST FRIEND DIFFERENT THAN A PLANNER OR PHOTOGRAPHER?

Your planner and photographer were hired because they are the best at what they do and they have the most important roles in your big day. They are there to coordinate and capture the day exactly how you envision.

What makes Risa an asset to those key players, as well as the bride and groom is that she understands wedding timelines, the tasks of a photographer, and how the flow of the day is expected to go. She's there to assist the bride and groom with the small but important needs that may arise, so the planner and photographer can focus on execution of the event, capturing the perfect images, and staying focused with their shot list and to-do's.

As an added team member and sidekick to the bride, the stylist helps keep the communication going, is an extra set of eyes on the bridal party just before the ceremony and throughout the day, and makes sure the bride and groom look and feel perfect for each important moment. It's the extra set of hands to help enhance your day, save everyone time, perfect each look, and provide support with every step you take toward lifelong happiness.

*You're only as good as the team around you - and I work WITH your hired vendors so they can do their jobs and create magic on your wedding day.*

## WHAT IS ATTENTION TO DETAIL STYLING?

Risa from RISTYLE Consulting is an expert at paying close attention to detail when it comes to all things style. On your wedding day, you can expect that she'll be right by your side making sure you don't have to lift a finger.

Expect assistance that includes:

- bustling (includes accompaniment to your final fitting, a how-to video, and bustling on the day of the wedding)
- dressing for everyone in the bridal party (tying of sashes, zipping, help with shoes, tying bow ties, etc.)
- holding of the bridal train while walking
- lint rolling
- steaming
- veil placement
- double-stick taping
- bustling
- straightening of dress and groom attire for every portrait shot
- quick fixes for last minute garment adjustments
- guidance on posing for best image outcome (close work with the photographer)
- stain removal when possible (not always guaranteed)
- perfect placement of dress and veil during portraits, and more.

*Consider this service a constant eye on everyone and everything for the best result of images possible. If a hair is out of place, a tie is crooked, or a shoelace breaks or comes untied - you can trust Risa will be there to not only catch it, but correct it.*

The best part? Risa has worked in the world of wedding beauty, as a former bridal hair and makeup artist. Although she doesn't perform these services on your wedding day, she has a keen eye for the finished look and can offer a bobby pin or hairspray should you need to secure that loose hair or even just need a spare to throw in your clutch.

## WHAT'S IN THE STYLING KIT?

After countless weddings and on-set photoshoots, Risa has worked hard to curate a styling kit that perfectly suits the needs of a bridal party and wedding team. It's often the small things you don't think about that you end up needing, so having someone come prepared with necessary items for problem solving makes all the difference. This way no one has to take time away from celebrating to run an errand or fix a strap. Risa has seen it all from broken shoe laces to dirt stains on satin...so trust that she has pretty much everything to solve any styling issues that may arise. If she doesn't have it - she'll be the one to go get it.

Here's an example of what's in the kit:

- Double-stick tape
- Safety pins
- Sewing kit
- Stain remover
- Lint roller
- Spare shoelaces
- Crazy glue
- Hairspray
- Shoe polish
- And much, much more...

EVERY BRIDE HOPES AND PRAYS FOR A FLAWLESS WEDDING DAY, BUT SOMETIMES, THINGS DON'T ALWAYS GO TO PLAN. AHEAD OF MY FIRST LOOK WITH MY HUSBAND, MY DRESS WAS STEPPED ON AND THE ENTIRE ZIPPER RIPPED APART. BEFORE I HAD ANY TIME TO PANIC, RISA WAS THERE WITH HER TRUNK OF SUPPLIES FORMULATING A PLAN TO FIX IT. SHE SPENT THE HOUR BEFORE MY CEREMONY SEWING, PINNING AND SUPER-GLUING ME INTO MY DRESS AND THE END PRODUCT WAS SERIOUSLY FLAWLESS — IT WAS AS IF NOTHING HAD EVER HAPPENED!
