made easy

your customers want to ~~try before they buy~~

71% of shoppers said they would choose an ecommerce brand that offered a “TRY BEFORE YOU BUY” option over one that did not.

Source: RetailDive

what your customers want

Convenience: Have the option to try & style clothes in the comfort of their home.

Confidence: Ensure items fit well and align with their style.

Risk-Free: No obligation to purchase if they are not satisfied.

Mix & Match: Have the option to pair new items with their existing wardrobe to visualize complete outfits.

Fit and Quality Check: Ensures they are satisfied with the size, feel, fit, colour and quality.

Feel Valued: Be the first to try new and exclusive pieces.

why try

Boost conversions: Customers who previously were not ready to purchase can now 'Try Before You Buy'

Increase AOV & Profit: When customers try more they buy more. Putting products into the hands of customers will ignite sales and grow the brand

Operational efficiencies: We seamlessly integrate with Shopify and WMS, OMS & ERP apps to ensure operational excellence

controlled rollout strategy

Optionally start with your VIPs for a low-risk launch, ensuring a flawless rollout site-wide.

nothing short of impeccable

★★★★★

Nothing short of impeccable. We've worked with the Try with Mirra team for several months now and can attest to not only the support but the results.

Given the difficulty inherent to the eyewear niche from an online standpoint, Try with Mirra addresses a key pain point for our customers and does so with a frictionless platform.

Onboarding is a breeze, UI is incredibly simple for our team and for our customers. Most importantly however, the platform works. Our order frequency and AOV have seen a direct improvement after utilising the service. Would highly recommend.
