PROFESSIONAL WEDDING DJ SERVICES

## Your Vision + Our Work = A Fun and Memorable Day!

It's All About **YOU!**

Choosing a DJ for your wedding should be a seamless and enjoyable process. Unlike a salesperson, I'm not here to offer you a random DJ you'll meet only on the big day. From our initial meeting, I prioritize your needs, working with you every step of the way to ensure your wedding is nothing short of amazing.

This isn't just another event; it's your wedding, a once-in-a-lifetime celebration. Trust a DJ who understands the significance of this day and is committed to making it extraordinary. I'm not in it just for the business; I'm here because I genuinely enjoy creating memorable moments for people.

With Althouse Sound and Lighting, your wedding day is guaranteed to be smooth and stress-free. I'm not just your DJ; I'm your partner, offering transparency and guidance throughout the entire process. I'm excited about the opportunity to serve you, making your wedding day an unforgettable experience!

*"Everything was great! The planning process was very easy. Austin was easy to work with and made great choices for music! Would recommend him for anyone's DJ needs!" – Miranda G.*

## Meet Your DJ

Althouse Sound and Lighting is owned and operated by Austin Althouse. Austin started doing DJ gigs at the age of 14 years old doing athletic events for his hometown school. Today, that has expanded into his own business, Althouse Sound and Lighting, which offers a complete lineup of services for weddings, school dances, and community events.

When not filling up dance floors, Austin works full time as an Audio-Visual Service Tech and enjoys spending time with family and friends.

## What Makes ASL Different?

- **Who You See, Is What You Get:** Some DJ companies (especially the larger ones), you are talking to a salesman when you inquire. Not with us! Your DJ will be with you every step of the way from the first inquiry to the last dance of the night.
- **Easy To Use Client Planning Portal:** No word docs, no scrambling to find out what songs your DJ is going to play. Simply place your requests and timeline into the planning portal. It is secure, easy, and convenient!
- **Holding Your Wedding Date:** Most DJ companies run on a “first come, first booked” basis. This may mean that if you wait to pick a DJ, you might not get said DJ if someone else books first. Not with ASL, we will hold your wedding date for up to 30 days. This will ensure that our availability is guaranteed while you decide.
- **Your DJ is an Audio Professional:** Worried about not hearing or understanding announcements? Your DJ is an audio pro and understands the importance of making announcements and music easily heard.

*“You were great to work with and loved the music selection!!” – Megan S.*
