

2022 Luxury Album Information & Pricing

Traditional Wedding Albums are matted albums and the prints are displayed behind mats on the pages. Each page will display either one 8x10, two 5x7's, or four 4x5's.

Pricing includes the album, prints, and assembly. Retouching is available for a nominal fee. 6.5% Florida sales tax is collected for albums delivered in the state of Florida, and no sales tax is collected if the album is shipped out of state. Shipping is additional and turnaround time is 5 to 6 weeks. Payment in full is due when the album is ready to be ordered from the album company.

Traditional albums are available in a variety of real or faux leather, fabric, linen, or silk. Engraving is available in gold or silver foil and three font styles: script, serif, and sans serif. The most popular engraving option is two lines of engraving to include the couple's names on line one and the wedding date on line two. Engraving is not available on the Non-Leather Designer NL cover materials which include Black Blossom, Bronze Blossom, Pearl Blossom, Truffle, Mushroom, Pomegranate, and Mustard due to the bumpy nature of the material. These covers are fabulous, especially Black and Pearl Blossom, and engraving is really not needed.

You have the option to do either a plain or photo cover, and pages and mats are available in either white or black. If doing a standard photo cover, the photo size is 3.5 x 3.5 square. You can also do a custom sized photo for a nominal fee which could include either a 4x6 or 5x7, either horizontal or vertical.

A 24 page album will hold up to 60 images total, and a 36 page album will hold up to 85 images total. The less pictures that are chosen, the larger they can be displayed in the album. Ideally you would like a nice mix of enlargements (8x10's and 5x7's) in addition to the smaller 4x5's. The more images that you choose, the smaller the majority of the pictures will need to be in order to fit into the album. For example, if you choose only 50 images for a 24 page album, you will have more 5x7's and 8x10's in the album.

It is possible to do an album with a custom number of pages. For example, if you end up with 100 images, pages can be added to accommodate. The cost for two additional pages (one spread) is \$50.

I will do the layout for the album and send it to you for your approval. Layouts for traditional albums are not presented digitally but rather as a list including the page number, the images on the page, and the size that they will be printed.

Traditional Parent Albums are smaller versions of the full sized wedding albums and are available as either 24 or 36 page albums. Each page displays one 5x7 per page. The cost for two additional pages (one spread) is \$40. If doing a cover image the picture will be a 3x3 square. A 4x6 photo, either horizontal or vertical, can be included on the cover in lieu of the 3x3 photo for a nominal fee.

Fine Art Coffee Table Albums

Fine Art Coffee Table Wedding Albums are flush mount albums and the pictures are the actual pages. Instead of having individual prints displayed behind mats, the pictures are digitally placed on each page using an album designing software, incorporating panoramic spreads, creative and soft borders, and a variety of custom background colors.

Pricing includes the design, five rounds of changes, and the finished album. Additional rounds of changes are \$50. Retouching is available for a nominal fee. 6.5% Florida sales tax is collected for albums delivered in the state of Florida, and no sales tax is collected if the album is shipped out of state. Shipping is additional and turnaround time is 30 days for the initial design, 1 to 4 weeks average for client change requests, and 5 to 6 weeks turnaround time at the album company. A \$500 retainer is due with your album order to cover the design labor, and the balance is due at the time the album is ordered from the album company.

Engraving of your names and wedding date is available for \$25 per line. One line of spine engraving is available for \$75 and typically includes the couple's names only, no wedding date. Engraving is available in gold, silver, red, copper, white, rose gold, black and clear/blind. Font styles include Fournier, Coronation, Modern, Pascal, and Goudy Light Cursive.

Because of the creative nature of the design, more than 4 images can appear on one page. For example, I might have a horizontal image as a panoramic across two pages, with 6 smaller images along the bottom of the pages. For a reception candid page, I can fit up to 9 images on one page, which leaves more room for larger spreads of your favorite portraits.

Fine art coffee table albums are available in two different sizes, either 10x10 or 12x12. There is a variety of leather, fabric, linen, and silk to choose from for your album cover. You also have the option to do an ICE acrylic photo cover.

Page gilding, which is the color of the edge of the pages in the album, is available in gold, silver, rose gold, white, black, or red.

A 24 page album will hold up to 60 images total, and a 40 page album will hold up to 100 images total. It is possible to do an album with a custom number of pages. For example, if you end up with 80 images, or 120 images, pages can be added to accommodate. The cost for two additional pages (one spread) is \$50. You could do a 28 or 30 page album, or even a 44 page album.

I absolutely love creating coffee table albums and I design each album as if it were my own. Design turnaround is 30 days. Once I have completed the first draft of the design, I will then Dropbox a pdf of the album to you. You can then let me know any changes and retouching if applicable that you would like to incorporate. I will Dropbox a new pdf with each set of changes. Five rounds of changes are included, and additional rounds of changes are \$50. Once you have officially approved your album design, turnaround time is 5 to 6 weeks at the album company.

Fine Art Coffee Table Parent Albums are available as duplicate smaller versions of your full sized wedding album and must be ordered at the same time as your wedding album. Parent albums are not available on their own, and a 10x10 must be ordered to qualify for the 8x8 duplicate parent album. A 10x10 or 12x12 duplicate album is also an option as a parent album and would include a \$300 discount since there is no additional design time needed. A 10x10 or 12x12 album with a new design is subject to regular pricing.

Fine Art Coffee Table Album Pricing

24 Page 10x10 Album (60 images)\$1350
24 Page 12x12 Album (60 images)\$1550

Album Ordering Instructions

Once you have chosen the style and size of album that you would like, simply follow the instructions below to order. If you have an album credit in your package, and end up choosing an album that costs more than your credit, you are welcome to pay the difference at the time that the album is ordered from the album company. Once you place your order I will follow up with an invoice. Pricing reflects cash or check discount ~ add 3.2% for US and 4.5% for international credit cards. Payment in full is required once the album order is ready to be submitted to the album company. A \$500 retainer is due with Fine Art Coffee Table Album orders to cover the design labor. Albums are considered custom personalized items and all sales are final. Albums are shipped fully insured and any albums lost or damaged in transit will be repaired or replaced.

How to Order a Traditional Album

If you would like to order a traditional wedding album, please send me an email with the image numbers that you would like in the album. Please place 10 numbers per row with a skip between rows as this makes it easier for me to pull the files. I'll need to know if you would like a plain or photo cover and the cover material, white or black pages and mats, and how many pages you would like to do. If doing a photo cover, please include the image number for the cover. If you would like engraving, please include how you would like your album engraved: typically names on line one and wedding date on line two. I'll need to know the font style and if you would like silver or gold foil. Please indicate any special retouching requests with your order. I'll send a quote to accommodate your retouching requests. I will need 1 to 2 weeks to complete the layout which I will email to you for your review and approval. Once the layout is approved, turnaround time is 5 to 6 weeks. Please include your shipping address in your email. If shipping to a business, I'll need to know the name of the business and whom to put attention to. All albums are shipped fully insured and signature will be required.

How to Order a Fine Art Coffee Table Album

To order a fine art coffee table album, please send me an email with the image numbers that you would like in the album. Please place 10 numbers per row with a skip between rows as this makes it easier for me to pull the files. Please let me know which size album you would like, either 10x10 or 12x12, and how many pages you would like to do. Also, if doing an ICE acrylic photo cover, please indicate the image number that you would like on the cover. Vertical images are best, however there are some horizontal full length images that might work if I have enough crop space to the right and left of the subjects in the image. I recommend just choosing your favorite image, and I will let you know if it will not work for any reason. If you would like engraving, please include how you would like your album engraved: typically names on line one and wedding date on line two. Only one line is available for spine engraving and typically includes the couple's first names. I'll need to know the font style and color. I will follow up with an invoice for design and to set up a time for a video consult to show you the cover material swatches. Turnaround time is 30 days for the initial design, 1 to 4 weeks for client change requests, and 5 to 6 weeks turnaround time at the album company. Please include your shipping address in your email so I can get a shipping quote. If shipping to a business, I'll need to know the name of the business and whom to put attention to. All albums are shipped fully insured and signature will be required.

How to Choose the Images for Your Album

The best way to choose the images for your album is to copy and paste your folder of wedding images and rename the folder "Wedding Album." Then go through the folder of images and start deleting those images that you do not want in your wedding album. Keep visiting this folder until you have edited down the images to the number of images that you would like in your album.

Note: I recommend always keeping your original folder of wedding images untouched on your computer. That way if you end up deleting, cropping, or editing your images, you will still have your original files available.
