MY APPROACH

I believe in capturing authentic moments of love and joy so in the years to come, you can look back on these photos and have a rush of the same feelings come back!

I don't only want to be your photographer - I want to be your friend, to help guide you through this process and be there for you to laugh with, cry with, and talk with.

I will make sure to take the photos that REALLY matter - the ones that show the REAL YOU!! Don't worry about feeling awkward either - I will guide and prompt you throughout all of the portraits!

MY WHY

I've been photographing weddings since 2017, and I still absolutely love LOVE! The way you look at each other after the ceremony as you walk down the aisle together, the laughter among your closest friends, the happy tears during vows.

Wedding days can be a whirlwind, planning is stressful but at the end of the day all that matters is marrying your best friend. While things may go awry at one point during the day, I believe you can't take yourself or life too seriously. I am up for adventuring anywhere, and telling your love story because your love story matters.

I'd love to get together in person for a chai latte/coffee date to get to know you before I have you in front of the camera!

Project Process

step 1.

Once we've decided on the perfect package for your wedding day, you'll sign the contract and pay the 50% retainer - or if you would like to pay in full there is a 10% discount! Once the contract is paid + retainer is paid you are officially booked!! YAY!!!

step 2.

If you've booked an engagement session we'll start planning out that date, location and the vibe! Engagement sessions will be delivered 3-4 weeks after the session date.

step 3.

I'll be sending over a questionnaire to get to know more about the wedding day vision and you two as a couple! I'll also be sending over a wedding welcome guide with lots of helpful tips and planning information! We'll schedule a call or meet in person and plan out the timeline together and go over any questions you have so we are all on the same page.

Project Process

step 4.

The big day!! We'll show up at the agreed upon start time, do my photo taking thing, following you two around all day, capturing all the emotions and magic! I'm there for you every step of the way, not just taking photos but to really be there for you too! I am so excited!!

step 5.

I'll post a sneak peek 2-3 days after the wedding for you to share! Editing the full gallery will take me 7-8 weeks to finish up and deliver to you. Once the full gallery is sent you can choose to add on albums + products to display your favorite images!!

step 6.

Let's keep in touch! I love capturing my wedding clients in new stages of their lives, puppies, babies, couples photos just for fun or for anniversaries!

Ready to book? Let's schedule a call!

Currently manifesting you're just as excited as I am to do this thing!!
