FAQ

WHAT SHOULD I PROVIDE FOR A HARPIST?

The harp is a very delicate instrument, and is therefore highly sensitive to changes in humidity and temperature. Please see below for specific requirements:

- ◆ Outdoor events

If you are planning an outdoor event, be sure to have a backup plan in case of rain or snow as harps will not be played outside during rain and winter.

Additionally, a shade or shelter is required to protect the harp from direct sunlight and possible rain.

- ◆ A flat and hard surface

There should be a flat and hard surface for the harp and harpist.

- ◆ Easily accessible performance space

My harp is 185 cm and weighs 90 pounds. For this reason, a step-free or accessible lift to the performance space is highly preferable. If there are stairs to reach the venue and the performance space, please be sure to let me know prior to booking.

FAQ

HOW MANY SONGS ARE INCLUDED IN ONE HOUR?

One hour of music includes 15-20 songs. For 30 minutes of pre-ceremonial music, there will be 8-10 songs. Typically 4 songs will be played during the ceremony: couple entrance, signing of the registry, and couple exit.

DO YOU TAKE SONG REQUESTS?

Yes! I take up to 3 songs requests for free per wedding. Extra requests subject to a separate quotation. Please be sure to write your requests in the wedding questionnaire.

DO YOU REQUIRE FOOD AND DRINKS ON OUR WEDDING DAY?

I would be very grateful if you could provide me with a hot meal and drinks for booking that is over 3 hours! I don't have any dietary requirement.

HOW LONG CAN YOU PLAY FOR?

One set of music is 40-60 min long. I will take a 10-15 minute break between consecutive hours of playing, I can perform up to 4-5 hours in one day.

DOES THE QUOTATION INCLUDE TRAVEL COSTS?

Yes, all quotes via email include harp portorage costs and travel expenses. There is no hidden fee. Please fill out an enquiry form to receive a custom quotation.

HOW LONG DOES IT TAKE TO SET UP?

I can set up in as little as 10 minutes but I will arrive 60 minutes prior to your wedding.

DO YOU HAVE PUBLIC LIABILITY INSURANCE AND PAT CERTIFICATE?

I am covered by full public liability insurance to play at your wedding! My speaker is battery-powered so it doesn't need to be PAT tested.
