

About Us

ART FORWARD. CURATED. CAPTURED

We are Niraj and Piya - the husband and wife duo behind Niya Studios, a boutique wedding photography studio in Chicago with over 12 years of experience. We recently rebranded and combined our backgrounds in the visual, fine, and performing arts to sculpt and showcase your love. Our photographic approach combines documentary and editorial styles while incorporating postmodern and neoclassical elements. Your masterpiece awaits.

What makes us different?

We pride ourselves on providing an amazing experience, from our initial meeting to well beyond your wedding day. Here are some of our personalized and curated services:

- Delivery of high resolution images in 72 hours via an online gallery
- Crafting a mood board that focuses on poses, lighting, emotions, and vibes
- Professional post processing
- A la carte services including videography, wedding albums, prints, and photo storage

Our Process

COLLABORATE

We begin with a simple questionnaire and a collaborative call to understand your goals, style, and how you want your wedding photography to feel

CURATE

We'll work together on a curated moodboard that focuses on poses, lighting, and vibes tone to ensure we're aligned before the big day.

CAPTURE

Our planning leads into the engagement session and wedding weekend with our focus moving to capturing the emotion and beauty of the moments you've been waiting for

CREATE

Soon after the wedding, we'll create the final images that you can share and enjoy.
