CELEBRATING THIS CUTIE

AAYUSH

We can't say enough good things about this brilliant, funny, and joyful kid. Aayush, we are so incredibly proud of all your hard work in OT and speech 🏆. Your genuine happiness and willingness to always try your best, has been so rewarding to watch 🐉. We have seen so much growth 🌱🌸 in you and are continually impressed by the scary good skills you gain! We couldn't love you and your precious family more! ❤️

Keeping with the theme... and sharing even more exciting news, **JESSICA IS EXPECTING!!!**

BABY GIRL

DUE

JANUARY

2025

We couldn't be more happy to share that Ms. Jessica is expecting a baby girl early next year! She is already the best boy mom around and soon she will enter the world of tea parties, dress up, hair dos, makeup and we know she's going to be just the perfect girl mom too 💖👶💋👧

We have a plan in place 📅✅ for when Jessica is out on maternity leave. So, if your child's therapy sessions will be affected, not to fear! We have been planning this transition for a while and have gone to great lengths to ensure our clients are taken care of. When it gets closer to the end of the year Ms. Jessica will discuss the transition plan for therapy sessions while she is out and when she will return back to work. Please join us in celebrating this extra special time in their lives, growing their family 🥰👨👩👧👦
