From Operator to Owner

8-Week Group Coaching for Millennial Small Business Owners

As a small business owner, you have a lot of wheels turning at once—a lot of ideas, a lot of inspirations, and a lot of goals.

And a lot of choices to make as a result.

With so many paths to choose from while moving forward in your business ventures, it's easy to get weighed down by decision making fatigue and that most of these end up being executed by you.

Soon, you're stuck in day-to-day operations of your business and spend most of your time playing whack-em-all.

Take yourself out of the "operator" position in your business and confidently place yourself in the owner's seat with a clear, actionable roadmap to both business and finances.
