## 2023-2024 Season

Luxury Beauty Services On-Location.  
We plan the day around YOU.

Thank you so much for your interest in booking services with Brenner Beauty for your wedding day. My team and I are so excited to work with you, and it's important to us to create unique and beautiful hair + makeup looks that you and your bridal party will love!

I know that each of my clients has a unique and personal style that is special to them, and it's our goal to make that vision a reality. That is why we dedicate time to learn what styling preferences you are looking for and how you want to show up on your big day. All of my team members are experts in striking the balance between keeping you in your comfort zone while also creating a look that will translate beautifully in photos, videos and as you walk down the aisle.

I know makeup and hair is a significant money and time commitment, and if you are planning a destination wedding, it can be a tough decision to book locally or to bring a personal artist with you, but I can confidently say this investment is one of the best you can make on your wedding day whether that's at home or far away. Getting pampered and not having to think of anything else is a gift to yourself after all the planning you have done.

Let us take care of all of the details, you just tell us what makes you feel beautiful. Sit back, have a mimosa, and we are excited to take care of the rest. I am really looking forward to working with you.

Please feel free to reach out with any questions and for a custom proposal.

## TESTIMONIALS

"My makeup was perfection and my hair was totally what I envisioned. My favorite part is also that Brielle made me feel confident and comfortable the day of the wedding because of the work she put into the trial. I had a trial with another hair stylist and was super disappointed. Brielle saved the day!" - Sasha

"Brielle is amazing. You feel completely comfortable with her. She listened to what I like and nailed it both times I worked with her, one of those being my wedding day!" - Amanda

"A dream hair and makeup team! Brielle helped us plan services for nine people (starting very early in the morning). She's professional, listens to style preferences and concerns, and does creative, beautiful work. Can't wait to work with her again!" - Erin

# FREQUENTLY ASKED QUESTIONS

How do I secure my date and when can I schedule my trial?

**A 50% Deposit is due to reserve your date.**

Trials can only be booked once the deposit and the contract are complete.

**Trials are scheduled 2-3 months before the wedding date.**

What are your cancellation policies?

**Your 50% deposit is non-refundable.**

If you choose to cancel your wedding **60 days or more before** your wedding date, you will forfeit your deposit only. If you cancel **within** 60 days of the wedding, your balance is still due and will not be refunded.

You cannot transfer your services or payments to another date.

How can I pay? / Is it customary to Tip?

The proposal/contract you receive will guide you to sign the contract and make the deposit **online via credit card or ACH Transfer**. You'll also be able to set up auto-pay for your final payment so you don't have to worry about it later.

Tipping is always greatly appreciated but not expected, and is appropriate in the wedding services industry.

Tips for artists can be paid via Venmo or cash at the time of the wedding

Can I add or take away services?

**Services may be added up to 60 days from the wedding date (based on stylist availability.) Services cannot be removed.**

You may however replace one person with another or switch the type of service between hair or makeup.

The sooner you nail down your final headcount the better. The wedding balance is due 60 days before wedding date.

Why does hair and makeup take so long?

In over 10 years of doing weddings, we know what makes a wedding run smoothly and what feels rushed (for the bride & the artist.)

Allowing 45 min per service allows the stylist time **to make sure each person in your bridal party LOVES how they look and to adjust anything if necessary, as well as clean/sanitize brushes and products between each person.**

How do I know what my travel fee is?

Travel is included within 30 Minutes of downtown Atlanta. **If your venue is outside of the city or out of town, send me the address and I can give you a travel quote.**

**Keep in mind travel costs are PER stylist.**

Parking/valet costs if applicable are added to the contract OR charged to the client on the day of the event.

# SERVICE & ASSISTANT GUIDE

What is a **service** and how much time should I schedule?

**1 service = one person's makeup OR hairstyling**

If someone is getting Makeup AND hair done, they are having 2 Services.

Bridesmaid/Friends/Family should have a 45 min time slot for EACH service.

Bride's Makeup and Hair Services should be one hour for each Service so we get everything EXACTLY perfect!

I also suggest a 30 min buffer at the end for any touch ups and packing up before you need to be on your way or taking pictures.

How many stylists will I need? \*this guide is contingent on an average 4-4.5 hour prep timeline

Who are your assistants?

Brenner Beauty artists are professional makeup & hair artists we bring in on a regular basis to "assist" with weddings. They are highly skilled artists that we have worked with for years and have their own beauty businesses. Their hair and makeup skills are professional, versatile, and up to the standard of Brielle and Brenner Beauty. We take extreme pride in who we bring in to complete our team so that your wedding day and services are everything you hoped they would be!
