NICE TO MEET YOU!

Hi! I'm Your Photographer Jordan

For the past decade, my professional path was deeply rooted in elementary education, shaping young minds and nurturing growth. I've always had a passion (some might say obsession) with photos and memories. In 2021 I decided to turn a passion of mine into a business. My focus is providing clients with an unforgettable experience that brings them joy, driven by my deep-seated pleasure in serving others. At the end of the day, each season of life is wonderful and I want to help you remember it all!

Outside of my photography world, I lead a life that's nothing short of a beautiful whirlwind. As the spouse of a dedicated firefighter, I often step into the role of a solo mom. Balancing family life with a thriving photography business is no small feat, but my husband, my biggest supporter, is always there when duty calls. Our family includes two incredible kids, who keep me busy and inspire me daily. Our son Rocco has the silliest and sweetest personality and daughter Milania is the smiliest baby you will ever meet!

Family is my top priority, and I believe in the importance of efficiency to make it all work seamlessly. I am always truly honored with someone hires me to capture their child's baptism, their first pregnancy, or their wedding. You become part of my life, and I want to be part of yours! That's why I pride myself in delivering exceptional and personalized client experiences. My goal is not only to document each season of life, but to make memories while doing it! Let's embark on this journey together!
