

The 2020

FAMILY GUIDE

emily tyler
photography

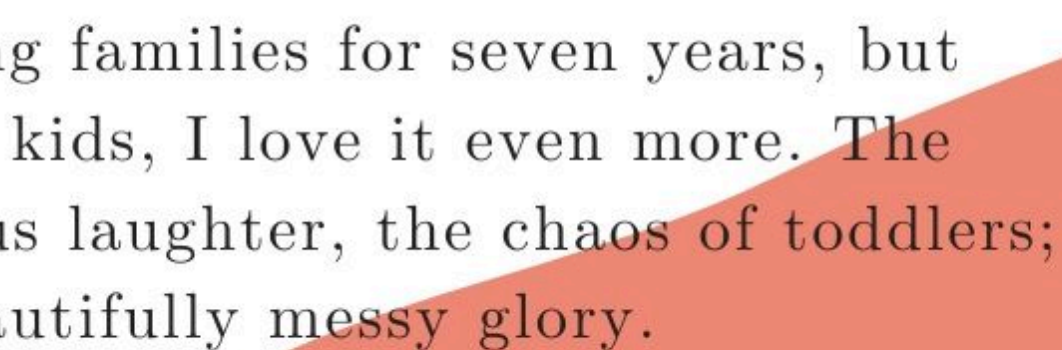

HEY, I'M EMILY

I'm a Mother of two, fan of kitchen dance parties with kids in tow, lipstick, bright colours and embracing the chaos of family life.

Probably most victorious when I manage to eat cake before a kid notices and robs it from my hands...

I've been photographing families for seven years, but since I've had my own kids, I love it even more. The dribbly chins, infectious laughter, the chaos of toddlers; childhood in all its beautifully messy glory.

*These are the best bits.
These are the best days.*

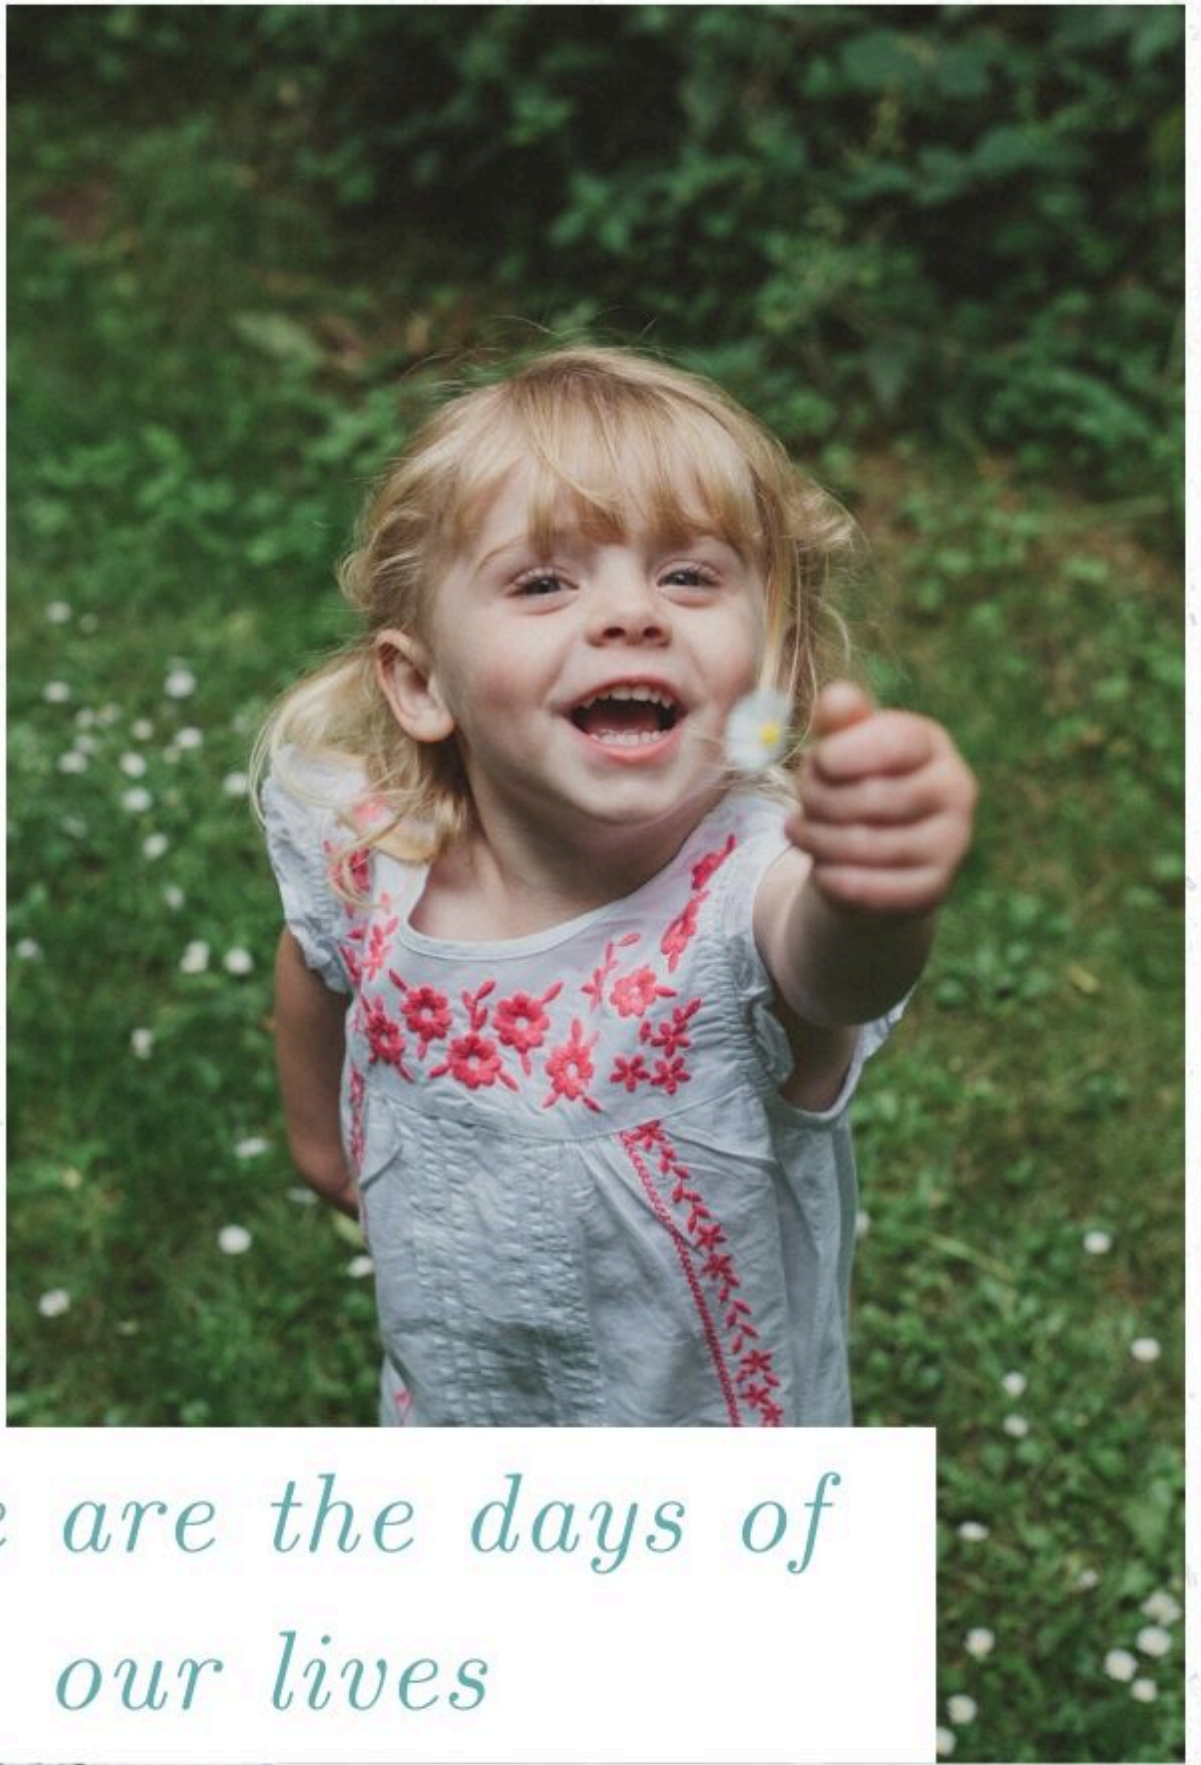

My

APPROACH

I WHOLEHEARTEDLY BELIEVE IN
TAKING BEAUTIFUL, RELAXED,
AUTHENTICALLY-YOU FAMILY
PORTRAITS.

NO AWKWARD POSES, JUST PLENTY
OF THE EVERYDAY GOOD STUFF;
CUDDLES, LAUGHS, PLAY.

*The way I shoot naturally lends
itself to create a photo album of
your session to document this
passing time. Most of my clients
invite me back yearly so they can
have a keepsake album as a record of
all the beautiful changes that happen
as their children grow. Saying that,
you have totally free reign to choose
what investment suits your family
best with a promise of no pushy
after sales.*

*These are the days of
our lives*

YOUR SESSION FEE

WEEKDAYS: £75
WEEKENDS: £100

What's Included:

- 2 hours shooting time either at your home or outdoors in a location of your choice
- At least 65 images from our session for you to view on your personal online gallery. You can then choose what you'd like to invest in.
- Video slideshow of session
- Travel within 45 minutes
- Up to 6 people (additional people £25)

Beautiful fabric bound, fine art albums with your names debossed. Designed simply to tell the story of your session and this stage of your family life.

N.B. Minimum spend of £75 applies to A La Carte purchases.

The Next Steps

Your booking is secured with the booking fee - I'll then send you my online calendar so you can choose a date and time that works best for your clan.

Choose a shoot at home or in the great outdoors, or a bit of both. I'm here to help with plenty of suggestions and guidance on what to wear.

After your session you can expect your images within 3 weeks. When they are ready, I'll ask you when is a good time for you to sit down and look through them, after which your gallery is open for 3 days for you to decide what you'd like to keep forever. You can let me know via my online order form and then I'll design your album, order your prints or wall art from my pro print lab and deliver them to you - for prints and digitals this is generally very quick, however as my albums are lovingly custom made, you should allow up to a month to receive these.

Then it's just time to enjoy them; family heirlooms to treasure and look back through as your family grows and changes.

Speak soon.
