WELCOME!

TO PATCHWORK PHOTOGRAPHY

Hello and CONGRATULATIONS!!! I know that you can't see me right now, but imagine I'm sitting across from you at your favorite coffee shop or wine bar with a big grin on my face (and a delicious beverage in hand). And imagine we're about to get to know each other really well.

Before I get into all of the details about photography, I'll start by telling you just a bit about me. Once high school sweethearts, my husband and I know there is nothing as wonderful as kisses ~ *goodnight* kisses, HELLO kisses, *chocolate* kisses, BUTTERFLY kisses, Eskimo kisses, French kisses, and those *oh-so-sweet* kisses that start on your shoulder and wind up somewhere near you ear.

Now an **EIGHT** family, Stefan and I know EMOTIONS! We know tears of joy, tears of sadness, sweet little giggles and throw your head back laughter! We know the need for quiet. We know the need for touch.

We see the world in **COLOR**.
We see the world in *emotions*.
We see the world in MOMENTS
~moments that make up each person's story ~
YOUR STORY.

I'm not just a mom, though. I'm a lover of the arts and traveling, a fan of good food, and an accomplished photographer. Patchwork Photography was created to share a unique perspective through photography. We are a husband and wife team that have been acknowledged for our work in national bridal magazines, regional competitions and local businesses.

I consider it a great honor every time I get the opportunity to shoot a wedding. I know that your story doesn't begin with your wedding, and it doesn't end their either. I know, though, that your wedding day is a day that you will never want to forget. It is a day when love is shared, promises are made, and lives are changed . . . for forever.

In addition to photographing the love between a happy couple, I also love photographing all the carefully planned details of a wedding. Whether it's the cascading lace on a bride's gown, the happy tear in a father's eye as he's walking his little girl down the aisle, or the groomsmen boogy-ing on the dance floor, we love being there to document it all.

Your wedding day is special, unique, and most of all YOURS. You have done the planning; you have put in the time. It is our job now . . . to tell your story. Maybe we can get that coffee for real? Call me!

Yours,
Christina

SHOW US THE LOVE!

THE ENGAGEMENT SESSION

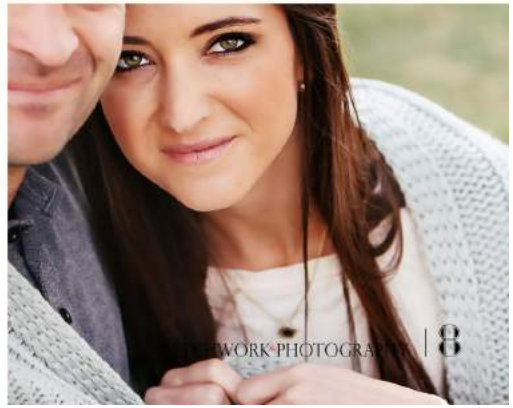
First and foremost, you should have an engagement session done because it's fun. You get to pamper yourself and dress up and -- here's the best part -- snuggle and kiss your best friend for a good hour or two.

Engagement sessions also serve as prime bonding time for you two. In fact, many of the couples I photograph tell me that their engagement shoot brought them closer together, something they didn't think possible considering how much they were in love already. How's that for amazing?

Think about it, though. When you're doing intimate things such as just looking into each other's eyes, holding your partner's hand or resting on his shoulder in very romantic settings, it's impossible not to fall more in love. Truth: In our fast-paced world, sometimes we forget to enjoy the silence and the moment and just be together.

There are also practical reasons for an engagement session, too. For example, many people use shots from their engagement shoot for save the dates, wedding invitations and even thank you cards post-wedding. (Psst. We can totally hook you up with those extras.)

Your engagement photographs are also great to use on your engagement website, for announcing your engagement online and for simply documenting yourself as a young and in-love couple. I promise you, your grandkids will get a kick out of these pictures in, say, 40 years!



YOUR WEDDING DAY COVERAGE

"They are amazing. They engaged the entire wedding party, and everyone had a great time! The pictures are beautiful."
~Josh & Ashley Wold

WHAT WE CATCH ON YOUR BIG DAY...

We can literally be with you from the early morning of your wedding day to the late evening hours of your reception shindig. Patchwork Photography isn't all in your face paparazzi style the whole time. For most of your day, you'll hardly even know we're there snapping away. That means a weight off your shoulders and lots of time to spend focusing on making sure your big day goes smoothly.

Getting Ready

We start the day by photographing you getting ready. Don't worry. This is all very much G-rated and we'll make sure to capture your pretty face only after you're all done up. Think detail shots of your fragrance du jour, you slipping into your beautiful shoes, a crowd of happy bridesmaids in their slouchy sweatpants and impeccable hair. The same is true for the men, too. We'll capture them fastening boutonnieres to their lapels, candids of dad giving the groom some sage advice and groomsmen laughing it up while the women get ready.

Portraits

When you book with Patchwork Photography, you'll also get formal and informal portrait shots. That includes those gorgeous bridal portraits, handsome pics of the groom (perfect for propping up on your work desk), group shots of the entire bridal party and all the family portrait shots you could ever want. We like to do a mix of both casual and traditional for these shots.

Ceremony and Reception

Of course, we also document your entire wedding ceremony and reception, complete with all those big -- and small -- moments that must be caught on film. That includes walking down the aisle, the big kiss, the officiant speaking, musicians playing, and family and friends listening/watching. We'll also capture all those fun and heartfelt moments at your reception, from tearful and hilarious toasts to some mad dancing skills to cake cutting and beyond.

Details

Rest assured we'll capture all those details you planned, as well. You spent good money -- and time -- planning your special day; we're here to make sure it's documented beautifully. We'll photograph the tiniest details on your wedding favors, the sugary flower ornaments on your cake, the lanterns hanging in the trees and anything else you thoughtfully included.

Extras

Depending on the package you choose, we'll also be there for other moments leading up to your wedding day, including the rehearsal, rehearsal dinner, bachelorette and bachelor parties and even your wedding or bridal shower. Check out our package page in this magazine for more information.

THE INVESTMENT

Dear Bride and Groom,

We know that choosing a wedding photographer can be a very difficult task. There are so many great ones out there! While stunning images are important, our desire is to be more than just another wedding vendor. In order to make the most of your wedding photography experience, you need to find a photographer that you feel super comfortable with! For us, that personal connection is key in order to give you our best as artists.

If you love our pictures and our approach to photography, then we'd love to have you as our clients. On the next page you'll find our wedding packages. Core packages include the essential coverage and products for your wedding. The Heirloom packages offer the same great experience and include additional products such as the Heirloom album, engagement digital files, and wall art. As a bonus, all travel costs are included with all the Heirloom packages.

Whichever package you choose, know that our priority on your wedding day is to produce the very best product imaginable, and yet never lose sight of our goal for you - to enjoy your wedding day with your friends and family.

"I didn't know a whole lot about what I wanted when I first began planning my wedding other than I wanted the BEST pictures a girl could ask for. I wanted the pictures to capture everything from me getting ready, to the dance party, to the details I would so carefully and meticulously work on night after night but would somehow forget about on a such a busy wonderful day. Patchwork Photography (Christina and Stefan) well surpassed my extremely high expectations! From the second I first sat down with Christina I fell in love with her charm, calmness, and professionalism. She had a way of making me feel at ease when I felt so frazzled about making all these big decisions for the "biggest" day of my life thus far. We discussed what was really important to me and she made me feel like I was the most important bride she had ever worked with. Christina and Stefan took the most beautiful pictures! They captured every little detail about the wedding and created a wedding album for me that will, someday, tell our grandkids our wedding story. I will never forget my wedding day, or any detail of it, thanks to Christina and Stefan. I would recommend Patchwork Photography to anyone and plan to utilize their top notch services again the future! "

FAQs

DO YOU TAKE PAYMENT INSTALLMENTS?

Yes, of course. We can work out a payment schedule to make sure you're able to pay for the photos. All we ask is that you pay $1000 up front to lock in your date and have the remaining amount to us 2 weeks before your wedding.

SOMEONE ELSE IS PAYING FOR OUR PHOTOS. WHO SIGNS THE CONTRACT?

No matter who's paying for the photographs, you are our client. The bride and groom will sign the contract regardless of whom covering the cost for the photography. You'll also be our primary contact and who we speak with leading up to, on the day of, and the days following your wedding.

CAN I HIRE AN ADDITIONAL PHOTOGRAPHER TO SHOOT OUR WEDDING?

The contract you sign states that Patchwork Photography photographers are the only photographers allowed to shoot on your wedding day. This helps promote our creativeness and ensures you get the best photos. As long as guests do not infringe upon our space, they can take pictures with their cameras/phones.

CAN I HIRE YOU TO SHOOT MY DESTINATION WEDDING?

We absolutely love destinations, so the answer to your question is a resounding, "Yes!" All travel within the US are included in any of the Heirloom collections.

HOW LONG DOES IT TAKE TO GET MY PICTURES?

You will always receive your pictures within twelve weeks, but usually earlier. We often will post some some of our favs on social media or on our blog, and if you need images for thank you's, we will be happy to try and accomodate you.

DO YOU DESIGN THE PHOTOGRAPHY ALBUMS?

Our flush mount leather albums are absolutely breathtaking and yes, we do design them in house. We work with you to include the photographs you love best to ensure you love your album from cover to cover.

DO YOU PROVIDE CUSTOMIZED PACKAGES?

Not all weddings are the same -- we get it! For that reason, we may provide a customized wedding package to suit your needs. These customized packages are for weddings that are far outside the norm (for example, a very short, intimate wedding between only parents and the bride/groom). Talk to us and we'll make it work!
