

Our selection of Italian terracotta is based on classic and simple design. The artisans producing these containers have done so for many generations and take great pride in their craftsmanship. The clay is molded with great skill and, after slowly drying is carefully fired, guaranteeing a high quality product that is resistant to the elements. We have upgraded our traditional terracotta to Impruneta clay, which is frost proof and comes with a 20 year guarantee against frost damage.

**All dimensions are in inches. Diameter or Width followed by Height.**

This pot has an extra large drain hole.  
Also the Terracotta is not Impruneta, but our old  
Traditional clay body.
