Questions FROM PAST CLIENTS

HOW MANY PHOTOS DO I GET & HOW DO I RECEIVE THEM?

You'll receive a minimum of 100 edited photos per hour, in an online gallery by email to share with friends + family, on social media, order prints from, and download directly. It will expire after one year. Select packages also include a wedding collection, which is a physical package you'll receive in the mail including all the images on a USB, 5-10 prints, and polaroids taken throughout the day.

WHEN DO I GET TO SEE THEM?

Within three days after the wedding, you'll receive a sneak peak online gallery with 100-200 photos. These photos will also be posted on our blog from your wedding day. The entire gallery will be ready within 4-6 weeks after the wedding.

CAN WE ORDER PRINTS & ALBUMS FROM YOU?

Yes! I prefer it. I offer all kinds of high quality print options + print packages through the print shop connected to your digital gallery. You can add a luxurious, customized hard cover or layflat album at any time—you simply choose the photos, I will put together + order the album, shipped directly to you.

WHAT INSIGHT DO YOU HAVE ON WEDDING LIGHTING?

Wedding day lighting is important for your ceremony images. The best time of the day to get married (if outdoors) is 2-3 hours before sunset. When drawing inspiration from other wedding images, pay attention to the light you're most drawn to. Chances are, it'll be well, evenly lit photos that require intentional planning. Think about putting the sun behind you as well. Altars can be places to shade both partners from the sun.

WHAT ARE SOME IDEAS FOR DETAIL SHOTS?

Usually the first thing we shoot when we arrive is those important little items that can be forgotten as the day picks up. Here are some items to have ready if they're important to you: wedding bands + rings, jewelry, shoes, perfume, bouquet, family heirlooms, invitation suite, vows, wedding dress.

WHY IS IT IMPORTANT TO HAVE AN UNPLUGGED WEDDING CEREMONY?

Guest electronics (phones, cameras, ipads, etc.) will obstruct professional shots during the ceremony, and we can't avoid getting them in your ceremony photos. The best way to communicate an unplugged ceremony is having the officiant directly explain at the beginning of the ceremony that no usage of any electronics is allowed + requesting everyone to put away their devices. Photographers + videographers alike appreciate this request!

HOW DOES HAVING A FIRST LOOK AFFECT THE DAY LOGISTICALLY?

It is completely up to you + your partner if you choose to have a first look or see each other at the altar. A perk of having a first look is that you can take most formal portraits before the ceremony, allowing you to be with your partner for more of the wedding day, and so you can join all your guests at the cocktail party much sooner. We find that stress levels with brides, grooms, family + wedding parties is greatly reduced when the formals are taken care of beforehand + everyone can focus on just having fun once the ceremony ends.

HOW TO GET MARRIED

99.9% Stress Free

- *Be sure to have a hair and makeup trial at least a month before your wedding. This will give you peace of mind to know exactly how you will look + give you the opportunity to change things in advance if necessary. Make sure to bring all jewelry to the trial to see how makeup shades work with the pieces.*
- *Find out what the rules for photographs are at the ceremony location. All venues are different, some restricting the location of photographs and even the times in which they are permitted.*
- *Have food delivered to your getting ready location. It may be hectic, but take the time to have a bite before the wedding since it will be a while before you have the opportunity to nourish yourself during the reception.*
- *Prepare an emergency bridal kit with clear nail polish, mints, a sewing kit, stain treater, Visine, safety pins, bobby pins, pain reliever and deodorant.*
- *Allowing 50% more time for hair and makeup than you originally anticipated alleviates the number one reason wedding schedules end up running late. This will assure you have plenty of time for all the portraits you want to take before the wedding.*
- *Make sure you discuss a “rain plan” with your venue + coordinators just in case Mother Nature doesn’t see sunshine in the cards.*

ENGAGEMENTS

Considering an
**ENGAGEMENT
SESSION?**

Is an engagement shoot necessary? After all, your wedding photographs capture the beginning of your life together, right?

Shooting an engagement session is important for several reasons. First, this time allows us to get to know each other better, since building a relationship is 1000% going to make you feel more comfortable with me as your photographer. My goal is for you to forget I'm taking photos so we can capture how you guys naturally interact with each other, share intimate moments, and show your affection.

We get to capture your personalities in a more casual setting than on your wedding day, when each minute is so limited + precious.

You'll love having these romantic captures for wall portraits, your wedding guest book, welcome board, reception decor + Thank You cards (shot early enough, we can also provide the images for your Save The Date cards + invitations). Engagement photos also add another dimension to your wedding album, chronicling the story from engagement to wedding day.

GREAT ENGAGEMENT SHOOT IDEAS:

- **At the place he proposed or at the wedding venue:** After all, what better way to capture an engagement than the place it will all begin.
- **At your favorite restaurant / bar:** Meaningful memories happen with food, ambiance and that special song playing in the background.
- **Doing your favorite activity:** Whether it's hiking, canoeing on a lake, reading together in the park, or playing board games at a local coffee shop, this is ALWAYS cute !!!
- **Where you first met each other:** Going back to your beginnings stirs up nostalgia + all the feels.
- **Don't forget your pup:** Including a beloved shared pet in your session really completes the shots you'll want to frame forever!
- **Your favorite skyline:** Your city is beautiful at any time of the year, and the skyline captures where you live now, a location that might change with time.
- **A downtown urban session:** Pictures in alleyways or in otherwise undiscovered locations of your area make for a more eclectic view of the city.
- **A romantic beach:** In the morning, golden hour, or during sunset, any time of day at the ocean is full of gorgeous shots.
- **In-home sessions:** If you love the intimacy + comfort of your own home, these images will be sure to capture all your character + what daily life looks like as a couple.
- **At a museum / art gallery:** Quirky + architectural, if you love more modern shots, this style is for you!
- **Seasonal:** Catch the nuances of your favorite season, including everything from a winter wonderland, to leaves of fall, to flowers in spring, to the lush, green summers in nearby beautiful fields and forests.

your wedding day PHOTOGRAPHY TIMELINE

Your wedding day can go by in a whirlwind. -few aspects are more necessary to a perfectly executed event than an organized timeline. If you are looking to effectively plan out your wedding day with your wedding coordinator or fiance, here's a look at a typical wedding photo timeline from our point of view. We are here to help assist you in planning out your day so that you don't miss a beat!

6 HOURS BEFORE THE CEREMONY

Just finished packing bags + going over the wedding information form, having a meeting with my assistant to talk about the details of the day.

+/- 4 HOURS BEFORE THE CEREMONY

Leave the studio for the wedding site. The bride's hair and makeup should be well underway to leave plenty of time for family and couple photos.

3 HOURS BEFORE THE CEREMONY

We arrive at the preparation site to capture finishing touches of hair + makeup, and to document the bride getting into her wedding dress while the groomsmen making their final preparations.

2 HOURS BEFORE THE CEREMONY

We arrange for the first look of the bride and groom where they see each other before the ceremony. Immediately after this, we begin formal photographs with the entire wedding party, the bride + groom's immediate families, and their extended families.

1.5 HOURS BEFORE THE CEREMONY

The bride + groom's portraits begin. We work in a variety of locations, capturing a wide range of natural poses/candid moments. About 45 minutes before the ceremony, we stop to allow you to freshen up, collect your things, and make it to the ceremony site on time.

30 MINUTES BEFORE THE CEREMONY

We head to the ceremony site. Here I coordinate with my assistant + set up any equipment we need during the ceremony. We take a last look around + find where the light is coming from to best document the ceremony, as well as documenting candid moments of your guests arriving + greeting one another. At this time you should eat/drink a quick refreshment + have a moment with your bridesmaids before the big moment!

30 MINUTES AFTER THE CEREMONY

After finishing up a few extended family photos if necessary, we arrive at the reception site + immediately begin photographing candid shots of cocktail hour and continue into reception. Depending on the season we may take sunset couple's portraits before you head to cocktail hour. '

45 MINUTES AFTER THE CEREMONY

We enter the dining room before the guests arrive to photograph the cake + floral decor. Right before the guests arrive we touch base with the catering manager or wedding coordinator to see if there were any last minute changes to the reception schedule.

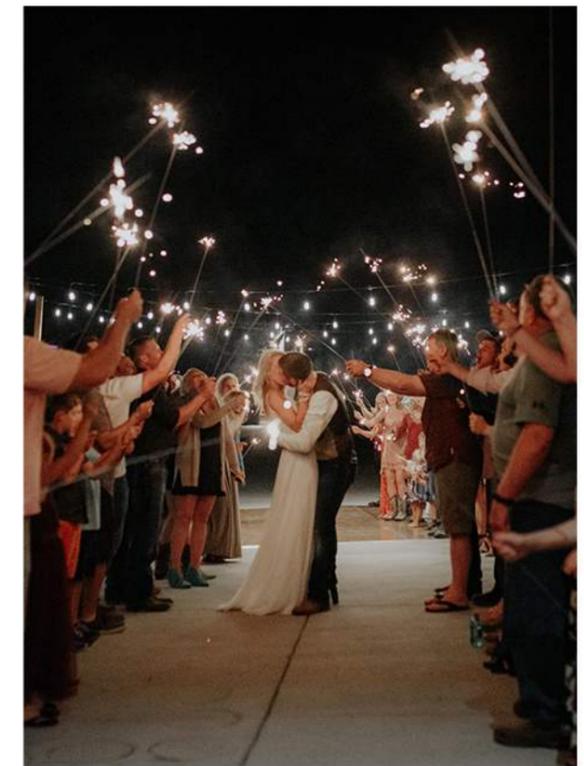

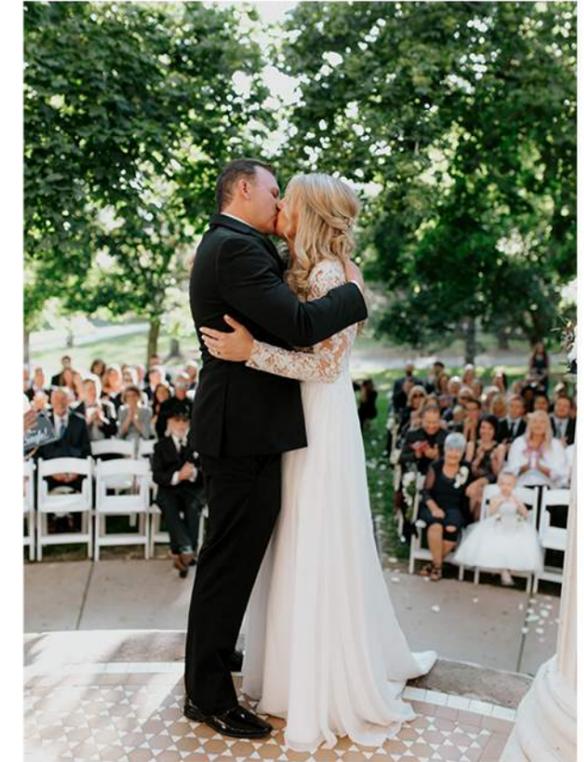

1 HOUR AFTER THE CEREMONY

At this time we strictly document the reception candidly as it unfolds, including the first dances, toasts, dancing, and cake cutting. But don't worry; we are always available for any photo request you may have throughout the evening. Just ask!

4 HOURS AFTER THE CEREMONY

We pack our equipment + prepare for departure. But first, we will check with you to make sure there aren't any further photos you would like or an overtime request. If your package allows, we stay until your exit from the reception.

One month before your wedding we will touch base via e-mail to discuss your wedding day photo timeline. At this time we make sure your Wedding Questionnaire, Timeline, + VIP List are complete to stay on top of all wedding details including locations, family members, special wedding day events, vendors + much more. This information will ensure we are all on the same page for an unforgettable + stress-free event!
