

Top 5 Planning Mistakes

MADE AT DISNEY RESORTS

1.	Not having at least one dining reservation planned in advance. Dining reservations can be made 60 days before your visit.
2.	Forgetting about planning your travel between your flight and hotels, especially if you have kids & need car seats!
3.	Not familiarizing yourself with the Disneyland or My Disney Experience app before your trip. Get to know where things are and how to use services like mobile ordering and Genie.
4.	Not double checking your whole family's park reservation the night before. You do NOT want to show up at the gate and be missing someone's park reservation.
5.	Not having a loose itinerary planned. I love to choose around 5 "must do" experiences & always prioritize them in my trip. Then, everything else is gravy & it takes the expectation and pressure off getting every single thing done.
