### skin needling

SKIN NEEDLING [ 60 MINS ] \$195  
SKIN NEEDLING WITH ENZYME [ 60 MINS ] \$280

This device gently glides over the skin using oscillating micro needles to create micro-injuries that encourage the skin's ability to repair itself. This stimulates the body's production of collagen and elastin which helps plump, smooth and tighten the skin. Particularly effective for uneven skin tone, visible signs of ageing, scarring, open pores and loose skin on the neck and jawline.
